## All-Out Drive On Shanghai Being Started

Newly Arrived Nationalist  
Troops Are Being Hurled  
Into Defense Line

### FURIOUS BATTLES ARE IN PROGRESS

By JOHN RICH  
(N. S. Staff Correspondent)

**SHANGHAI,** May 6.—(Censored)—Newly-arrived U. S.-trained Nationalist troops were hurled into the Shanghai defense line today in the face of a mounting, twin-pronged Communist assault.

The Communists, apparently opening their expected all-out drive on the world's sixth largest city, attacked from the north and south.

Furious battles were reported raging at Taichong, 30 miles to the northwest, and Kashing, 60 miles southwest of Shanghai, the key points of the heavily-fortified 130-mile defense are around the city.

#### Government Troops Arrive

American-trained Government troops arrived from Formosa to reinforce the Nationalist garrison in the threatened city.

The Shanghai garrison claimed that its troops are holding at both Kashing and Taichong, but the situation was admittedly bad.

Three Communist columns were reported converging on Kashing, from the north, west, and south. Confused reports from Kiuho, only 20 miles northwest of Shanghai, only told of other fighting there.

An early communiqué said Nationalist forces wiped out guerrillas at Kiuho, but later reports said that Communists have attempted to land at the town, which is in the south of the Yangtze.

The early communiqué also claimed that Nationalists beat back an assault by 5,000 Communists on Taichong on a two-hour battle early this morning. But later reports indicated the fighting still continues.

#### Defense Line In Danger

Meanwhile, the government's Chien Tang river defense line appeared in grave danger of collapse along a 300-mile front. (Continued on Page Two)

## Bodies Of Four Men Trapped In Mine Are Found

GIRARDVILLE, Pa., May 6.—(INS)—Bodies of four men trapped 500 feet underground in a burning mine at nearby Gilberton were found by rescue workers at 2:15 this morning.

A spokesman for the Gilberton Coal Co. said the quartet had apparently been suffocated while groping toward the surface. Exact cause of their deaths was not immediately determined.

The bodies, covered with blankets, were brought to the top later in "cages" which had borne the rescue crews down into the mine on their heroic rescue missions.

The tragic discovery climaxed 50 hours of constant and dangerous rescue attempts by tireless crews of volunteers. Hope for the safety of the men had been held until the last minute.

The victims were William O'Brien, 53, the foreman, and Raymond Eye, 35, both of Gilberton, and Joseph Wawak, 34, and William Kelly, 49, of Shenandoah. All but Eye were married.

Unprecedented heat wave in early May which has gripped this area for several days, has given summer activities a big spurt. Hot weather apparel has the call everywhere, and methods of keeping cool are in vogue.

Temperatures set a new high record for May 5, according to the figures of the Pittsburgh weather station. The high mark here was 90 degrees. The previous high temperature for that date was recorded in May 1895. It was expected to continue excessively warm today, with a prospect of showers cooling things off a bit.

Check is being made of the local mail routes, an annual affair, in order to determine the length of the route, amount of mail delivered and other information. Postmaster William R. Hanna stated today, Clerks from the post office go out with each carrier during the annual checkups and jot down the statistics which the post office department requires.

Fire Destroys Huge Grandstand At Hollywood Park

INGLEWOOD, CALIF.—Firemen pour water on the Hollywood Park race track in a futile attempt to save structure Thursday evening. The fire consumed the clubhouse, turf club and grandstands in a multi-million dollar blaze.

## Half Of Nation Swelters In Record Heat Wave; Snow Falls In Rockies

(By International News Service)

Half of the nation is sweltering today in an unseasonable, record-breaking heat wave, but snow is falling in the Rockies.

The weather man holds no hope for relief until nightfall or possibly tomorrow in the midwest and east, where sun-baked residents have watched the temperature soar to new heights during the past three days.

The weather bureau predicts the mercury will hit in the high 80's and low 90's during the day from the Mississippi river to the east coast, while the thermometer in the Rockies will read in the 40's and may reach 60 in some sections.

The temperature hit 90 degrees. Snow which began falling yes-

## Costly Fire At Inglewood, Cal.

Fire Sweeps Huge Grandstand At Hollywood Park During Night

### SPECTATOR AREA LEFT IN SHAMBLES

INGLEWOOD, Cal., May 6.—(INS)—A wind-swept fire virtually destroyed the entire spectator area of the multi-million dollar Hollywood Park race track in Inglewood late last night and early today.

The blaze, fanned by an east wind, raged out of control for more than an hour and track officials said the possibility of incendiarism would be investigated.

Two teenage youths who reportedly were seen driving away from the track grounds just as the fire broke out were taken into custody this morning for questioning in connection with the fire.

Also sought for questioning was a man seen loitering in the area shortly before the outbreak.

Flames Race Through

The flames raced swiftly through the 1,200-foot long grandstand, the clubhouse and the Turf Club at the lavish racing plant, one of the largest and finest in the world.

Within an hour after the fire broke out, only the twisted steel skeleton and concrete base of the spectator area remained standing.

One fireman was seriously injured fighting the blaze, he is Clinton Freeman, an inspector for the Inglewood fire department, who was forced to leap from the top of the grandstand when the flames swept toward him.

Shortly afterward the entire roof collapsed.

The fire still was burning more than two and a half hours after

## Large Group Takes State Examination

Sixty Compete For State Scholarship In Examination Conducted Today

Sixty high school seniors, members of the various graduating classes throughout the county, were present to take the annual state scholarship examinations which were conducted this morning in the library of George Washington Junior high school.

The one with the highest average will receive a \$400 scholarship in some accredited Pennsylvania College.

It will take around six weeks to determine the winner, County Superintendent John C. Syling stated today. The papers, as soon as they are completed, will be sent to the Department of Public Instruction at Harrisburg, where they will be graded, and the winner determined.

The group today was the largest ever noted, even though eleven who had signed up to take the examination failed to put in their appearance.

## Will Attempt To Pass Compromise Labor Measure

HICKORY TOWNSHIP FIRE CHIEF SAYS  
'PARTY LINE' CAUSED DELAY  
IN GETTING ALARM

Through the reported lack of consideration of a telephone "party-line" user, the Hickory Township fire department was late in answering a fire alarm, this morning at 11:20 o'clock, and a blazing farm truck was damaged well over \$200, it is reported to have gone through at once.

He said the compromise measure almost is certain to be the vehicle for the next House test on labor legislation despite President Truman's refusal publicly to make concessions.

The congressional leader, who declined to be identified, predicted that the House Labor Committee will bring out the Sims bill with a few changes and that it will receive enough southern Democrat support to pass on its second trial.

Rep. Lesinski (R) Mich., chairman of the labor committee, said he will start a series of meetings next week on the measure submitted by Rep. Sims (D) S. C.

The bill includes an anti-strike injunction provision. One decision to be made is whether to keep the injunction or substitute authority for federal seizure of struck plants.

## Three Are Dead In Armed Terorism In Hong Kong Area

HONG KONG, May 6.—(INS)—Two British inspectors and a Chinese detective were shot dead this morning in the first acts of armed terrorism in the Hong Kong area since the renewed Communist offensive.

The triple killing occurred aboard a police launch which was anchored off Port Island in Mirs Bay, 25 miles northeast of the British crown colony.

The murderers also wounded the coxswain, forcing him to take the vessel to Chinese territory where it was stripped of its armaments.

A responsible British source said the murders might be the first incident in an increasing wave of "internal unrest" in Hong Kong.

The spokesman said that the Chinese attitude toward the British "seemed to be hardening," particularly since the shelling of British warships on the Yangtze.

## Application Of Israel Near Vote

LAKE SUCCESS, N. Y., May 6.—(INS)—Israel's application for membership in the United Nations may be voted upon tonight by the 53-member ad hoc political committee.

Sessions of the committee were scheduled for this morning, this afternoon and tonight to accelerate matters. The chairman, Brig. Gen. Carlos P. Romulo of the Philippines, expressed the optimistic hope that a vote might be reached tonight.

Fire Chief West stated that although the call today involved a farm truck, it might easily have been a barn or farm house, where in the damages would have been tragic as well as unnecessary. In an emergency, the telephone line should be surrendered immediately to put the call through to the fire department, he said.

## Ford Strike To Affect Plants Across Nation

Fifty Thousand More Face Layoffs As Result Of Detroit Plant Strike

### (BULLETIN)

DETROIT, May 6.—(INS)—Impact of the strike of 68,000 Rouge and Lincoln-Mercury workers was expected today to spread quickly throughout the entire Ford empire in U. S. and Canada.

Ford of Canada announced it would be forced to stop operations within three or four days and lay off 10,000 employees, while 50,000 other Ford workers in the U. S. were facing furloughs within a week or two.

Detroit, May 6.—(INS)—Fifty thousand Ford Motor company employees from coast to coast faced early layoffs today following the strike of 68,000 River Rouge and Lincoln-Mercury workers in Detroit.

Company sources said the walkout—first major stoppage of the year among the automakers—will force the first of Ford's assembly plants outside the Motor City to shut down in a day or two.

They declared that most, if not all, of the 40 factories across the nation are expected to be closed within two weeks, half of them in the next seven days.

### Left Posts At Noon Thursday

The Rouge and Lincoln-Mercury workers left their posts at noon (EST) yesterday while their CIO-UAW leaders and Ford officials were making last-minute efforts to settle grievances over alleged

violence-studded 1941 stoppage

## U. S. Adopts 'Wait And See' Policy On Soviet Attitude

Only Guarded Comment By U. S. Officials On Blockade Lifting Program

### CAUTIOUS APPROACH BY PRESIDENT ALSO

By JOHN A. REICHMANN  
(N. S. Staff Correspondent)

**WASHINGTON,** May 6.—The United States entered upon a 'wait and see' policy today in negotiations with Russia to end the cold war at the council of foreign ministers meeting May 23.

All comment from American officials on the four-power agreement lifting the Berlin blockade May 12 was guarded.

President Truman himself proclaimed this cautious approach. He told his news conference that he was happy about the agreement to end the blockade.

### Back To Same Place

But Mr. Truman noted ironically that all the agreement did was to put the major powers just where they were ten months ago, when the blockade was first imposed.

In Berlin Gen. Lucius Clay, commander of the American forces in Germany who supervised the airlift, said that the agreement could be regarded only as a "temporary truce."

Clay previously has emphasized that Russian policy remains the same—world communism—regardless of various diplomatic maneuverings.

The western powers announced that they would continue the Berlin airlift for at least a month in order to aid land transport in building up reserves of food and fuel in the German capital.

In diplomatic quarters, this was interpreted as meaning that the airlift would be continued until after the conclusion of the foreign ministers conference in Paris.

### Some Suspicion

The maneuver indicated that the western allies—the United States, Britain and France—remain suspicious of Russian offers looking toward an end of the cold war.

Plans are under consideration for the building up a stockpile of

## St. Mary's Holy Name Is Planning For Anniversary

Very Rev. Joseph A. Cousins, Columbus, To Preside At 39th Anniversary Program

## THOUSAND MEN HAVE RESERVATIONS

In deep reverence, marked with filial devotion to the sacredness of motherhood, St. Mary branch of the International Holy Name society which was founded by Pope Gregory in 1274, will use the occasion of Mother's Day, May 8, for the celebration of its 39th anniversary.

It was on May 8, 1910, that the men of St. Mary's brought the Holy Name society to Lawrence county. On that date the charter, signed and sealed, was granted to a small group of Catholic men of St. Mary's parish who had united for the specific purpose of fostering reverence to the sacred name of Jesus Christ. The Very Reverend F. F. O'Shea, then pastor of St. Mary's, blessed and solemnly installed the charter in the old St. Mary church. In 1925, when the old church was found to accommodate the ever-growing population of St. Mary's parish, the

**SOCIETY & CLUBS****COUNTY GARDEN CLUB MEETING**

Mrs. Otto Pearsall of 236 Edgewood avenue entertained members of the Lawrence County Garden club Thursday afternoon, with Mrs. Howard B. Richard as co-hostess. Mrs. James Moorehead presided at the prettily appointed tea table, centered with a bouquet of lovely spring flowers.

Mrs. Moorehead then presented the new officers: president, Mrs. John Elliott; first vice president Mrs. James Moorehead; second vice president, Mrs. Clyde Whittaker; recording secretary, Mrs. W. Russell Allen; corresponding secretary, Mrs. Robert Lamoree; treasurer, Mrs. Ralph Campbell and member at large, Mrs. L. A. Wygant.

Mrs. Moorehead then turned the meeting over to the new president, presenting her with a lovely corsage. Mrs. Elliott made a few brief remarks accepting her office and then conducted the meeting. Mrs. C. S. Royce presented the Garden club with a new book, "Our Flowering World" by Rutherford Platt. Mrs. Russell Allen then announced the workshop to be held in the Trinity church June 1, sponsored by Lawrence County Garden Council and conducted by Mrs. Louis Heller, Jr., of Youngstown. O. A letter of sympathy was read from Mrs. B. H. Kannenberg, a former member, now residing in California.

Mrs. Pearsall then thanked the program committee for their cooperation in the compiling of the new programs and introduced the speaker, Mrs. L. S. Royston, who spoke on the "Distinguished Features of the Oak Tree." She spoke on its uses, habits, types and classes. She then displayed a miniature oak scrub, with a blue sky as a background. She had brought this small oak home from the park at Grand Canyon during her trip to California. She also displayed several varieties of oak leaves.

A plant exchange was held by the members. Mrs. John Loudon was appointed Garden Council representative for '49-'50. A lovely floral arrangement was displayed by Mrs. Edward Everett who was responsible for the flower arrangement for May.

**BRIDE-ELECT IS  
FETED AT SHOWER**

Miss Millicanne Grieco, bride-elect of May 14, was honored at a shower Wednesday evening when Miss Sophie Moses, who will serve as Miss Grieco's maid of honor in the forthcoming wedding, entertained a group of friends in her home at 415 Galbreath avenue.

The evening was spent in playing a variety of games and contests. At an appointed hour a delicious lunch was served at a table beautifully appointed in the bridal motif. The hostess was assisted by Mrs. Richard Marquis.

Dainty refreshments were served by the hostess, assisted by Mrs. Richard Marquis.

The next meeting of the club will be June 2, in the home of Mrs. William Haines of Maitland Lane.

Mrs. Frank Mayers was the oldest mother present, while Jane Lynn Dover was the youngest daughter.

Mrs. Thomas Kennedy, Mrs. Walter Leslie, Mrs. H. Hoover, Mrs. Oscar Rhodes, Mrs. Alvi Stevenson and Mrs. Lee Hanna were responsible for the delightful function.

**BAPTIST CLASS IS  
HOSTESS AT DINNER**

Members of Mrs. Ralph Snyder's class of First Baptist church were hostesses at a delightful mothers-daughters banquet Thursday evening in the church. Places were set for 59 guests at tables attractively appointed with spring flowers and a pastel color scheme. Dinner was served by candlelight by the Gleaners class.

Miss Beverly Hennion, president of the class, presided as toastmistress, while Miss Virginia Cumo offered grace. Group singing was led by Miss Hennion, with Mrs. Harry Gettings as accompanist.

Mrs. Drexel Bowman gave a toast to mothers, while Mrs. William Dewberry responded with one to the daughters. Mrs. Everett Spring delighted with two humorous readings. The Misses Ruth and Betty Lutz pleased with a group of vocal numbers.

Mrs. Gettings, Mrs. Spring and Mrs. Chester Dean, special guests, were presented with corsages as tokens of appreciation from the group.

Mrs. Snyder, teacher of the group, offered the closing prayer.

MEMBERS ASSEMBLE**

Members of the Philathea Missionary society of the Central Presbyterian church met Thursday evening in the parlors of the First Presbyterian church, at which time Mrs. M. L. Ailey and Mrs. T. C. Boston acted as hostesses.

Mrs. Charles Coates led the devotional period after which Mrs. George W. Conway presented an interesting talk on the National Topic, "Home and Family Life." As a high light of her talk she spoke on an article entitled "This is the Day," taken from the Bible quotation which starts out "This is the day . . ." In her speech she compared our home life today in America with that of displaced peoples all over the world. Her talk presented in a very pleasing manner was very well received.

Mrs. John Atkinson, then presented the foreign topic "Iran, China, Guatemala and Lebanon." This topic proved to be very interesting to the ladies. Reports were given by Mrs. R. Meade Patterson, Mrs. Carl Wilson and Mrs. T. C. Boston on the Presbyterian held at the Mahoningtown Presbyterian church.

Miss Blance Bright president, then conducted a brief business session, after which refreshments were enjoyed. The next meeting will be in the home of Miss Eva Johnston, of 408 North Beaver street, June 2.

**MAITLAND LANE  
GARDEN CLUB MEETS**

Members of the newly organized Maitland Lane Garden club were entertained Thursday evening in the home of their newly elected president, Mrs. Joseph Windl of Maitland Lane. Mrs. Ollie Shannon was elected treasurer.

The evening was spent in formulating plans for the coming year and in the further organization of the club. Several new members were welcomed into the group.

Mrs. Richard Marquis, president of the Lawrence County Garden council, was a special guest and spoke to the ladies on the organization of a garden club, giving them many helpful suggestions as to plans and projects. The club was received into the Lawrence County Garden council at the meeting Wednesday afternoon.

Dainty refreshments were served by the hostess, assisted by Mrs. Richard Marquis.

The next meeting of the club will be June 2, in the home of Mrs. William Haines of Maitland Lane.

Mrs. Frank Mayers was the oldest mother present, while Jane Lynn Dover was the youngest daughter.

Mrs. Thomas Kennedy, Mrs. Walter Leslie, Mrs. H. Hoover, Mrs. Oscar Rhodes, Mrs. Alvi Stevenson and Mrs. Lee Hanna were responsible for the delightful function.

**EVENING SECTION  
HAS MAY SESSION**

Evening Section of Woman's club enjoyed a delightful dinner party Thursday evening in the First Christian church. Places were arranged for about 40, including members and guests. Pink and blue daisies decorated the tables, where small baskets of planted violet, marked the places.

Miss Mabel Kocher introduced a group of Westminster college students who presented the play, "Pierrot of the Month." Taking part in the play were Miss Elinor Shindeldecker and Charles Pitcher. Miss Marjorie Lostetter a senior speech major, directed the program.

Mrs. Rene Jenkins, Mrs. Arthur Brown, Mrs. Elmer Perdue, Mrs. Milton Butts, Mrs. Paul Shaw and Mrs. Henry Hamilton were responsible for the successful function.

A picnic will feature the next assembly Thursday, June 2.

## Major Break In Garris Slaying Is Now Expected

**LOS ANGELES, May 6.—(INS)** —A major break in the case of slain Metropolitan Opera tenor John Garris was indicated today with the continued questioning of members of the opera company by Atlanta Police Lieutenant M. M. Cappenger.

The Atlanta official has been interrogating members of the troupe for the past two days. He stated in Los Angeles last night:

"There is every indication that this was a jealous killing. It had the feminine touch."

The body apparently had been tenderly placed in the alley where it was found. The feet were crossed in a relaxed manner, and the arms were raised in precise position alongside the head."

Cappenger said that he hoped for a major break in the baffling case in the near future.

## Loyalty Records Of Four Requested

**WASHINGTON, May 6.—(INS)** —Sen. Bridges (R) N. H., called on the state department today to produce the loyalty records of U. S. Minister to Switzerland John Carter Vincent and three other officials.

The other three officials whose records he demanded are John Davies of the state department's planning board; Walton Butterworth, director of the office of far eastern affairs, and John S. Service, director of the department's foreign service personnel.

Bridges told Secretary of State Acheson and Assistant Secretary Puerifoy that he also wanted the names of all department employees who handled Chinese affairs since 1930 and participated in mapping American policy toward Germany since 1944.

The senator made his demand while Acheson and Puerifoy were appearing before a senate appropriations subcommittee in connection with hearings on a funds bill.

## Deaths Of The Day

### Mrs. McBride Funeral Time

**Mrs. McBride Funeral Time**

Funeral services for Mrs. Robert Paul McBride, Newport News, p. m., D. S. T., from the Fred C. Wolford funeral home, 215 East North street, with Dr. Robert M. Patterson officiating. Interment will take place in Graceland cemetery.

The body will arrive here at 8:30 a. m. Saturday, when it will be taken to the funeral home, where friends may call that day from two to five and seven to nine p. m.

Mrs. McBride, the former Margaret White, died Wednesday. Born at New Castle, R. D. 6, she was a daughter of Amanda Biddle White Linderman and the late Andrew Curtis White, who died in 1909.

Mrs. McBride, a graduate of New Castle high school, was married in 1920 and went to Newport News to make her home in 1924.

She was a member of the First Presbyterian church, south, in Newport News, serving as enrollment secretary of the Bible school until ill health prevented her from doing so. She also was secretary of the American Legion auxiliary of Newport News.

Survivors, in addition to her husband, include four children: Garland E. McBride, Richmond, Va.; William L., Luane Biddle and Robert Paul McBride, Jr., all of Newport News, and her mother, Mrs. Amanda Linderman, of this city.

She also leaves one sister, Mrs. C. Everett Anderson; a brother, J. Edward White, both of New Castle; one granddaughter and three nieces.

at Chicago, Louisville, Ky., and Yuma, Ariz., yesterday in contrast to a 37-degree reading at Casper, Wyo. The Newark, N. J., airport was the hotspot in the east with 93.8 degrees.

All-time records were broken or equalled at Chicago, Louisville, Providence, R. I., 91, and Cleveland, 89.

The warm, humid weather also was felt at Nashville, Tenn., where the Mercury reached 92; at Philadelphia and New York City, which recorded 86 degrees, and Washington, D. C., with 85.

### RECOMMENDATIONS MADE

**WASHINGTON, May 6.—(INS)** —President Truman's emergency board today recommended a 7-cent hourly pay boost and a 40-hour week for 60,000 employees of the Railway Express Agency.

The board proposed that four hours be cut off of the present work week as of next Sept. 1.

dent of New Castle, a director of the First National Bank of Lawrence county and the Union Trust company, a director of the Pennsylvania Engineering corporation and a director of the Greater New Castle Association.

Mr. Miller is a member of the New Castle Hospital board of directors and a director of the Greater New Castle Association.

### Needs Of Hospital

In a statement on the needs of the New Castle Hospital and the industrial division's part in the campaign, Mr. Whittaker said that continued operation of the hospital under the present overtaxed conditions and lack of adequate facilities is hazardous to the thousands it serves.

"Inadequacy of facilities at New Castle Hospital means that many residents of this area face a danger that grows more acute each year," said Mr. Whittaker.

"Industry and business, we feel sure, will want to play a major role in seeing to it that their employees, their dependents and the people of New Castle have access to the best hospitalization. The only way this can be assured is through general improvement of all the hospital facilities in the community. With the raising of the \$595,000 needed for New Castle Hospital, such a program can be put into effect."

The industrial division solicitation is expected to get started along with the advance gifts division about the middle of May.

### COSTLY FIRE AT INGLEWOOD, CAL.

(Continued from Page One)

a night watchman sighted smoke seeping from an elevator shaft in the luxuriously furnished clubhouse shortly after 11 p. m. (PST) and turned in an alarm.

### Fire Visible For Miles

The flames, shooting high into the air, were visible for miles around in the night sky and attracted an estimated 50,000 persons who jammed traffic throughout the area.

When firemen realized the futility of combatting the blaze, they confined efforts largely to preventing spread of the flames.

The 500 valuable horses quartered in the stable area about a half-mile away from the scheduled opening of the track's 50-day meeting on May 17, were not endangered. The wind was blowing away from the stables. Gwynn Wilson, general manager of Santa Anita race track, immediately offered the Hollywood Park management use of his track for the Hollywood meet, for which stake race nomination list were the largest in history. Both tracks are in the Los Angeles metropolitan area.

Hollywood Park track was opened in 1938 after approximately \$2,500,000 had been invested in the racing plant.

Track officials said a similar sum had been spent in improvements since that time. The clubhouse and grandstand were enlarged recently at a cost of about \$500,000.

be teeth marks on the body indicated she may have been the victim of a sex deviate.

An imprint of the word "pride" on her chest was believed by investigators to have been made by a rubber heel. In addition to a crushed chest, the woman apparently had been severely beaten with a beer bottle. Her head and body bore several cuts and bruises, and fragments of glass were found on the floor about the body.

### Heard No Sounds

Police said a couple who occupied the room next to that in which the body was found reported they heard no sounds of a scuffle or any other noise.

All articles of the woman's clothing except a pale blue slip and a pair of slacks, which bore no identifying marks, had been removed from the room.

Night Clerk James McBain, 72, who registered the couple, told police he could remember little about them except that the man was about five feet eight inches tall, that both appeared sober and that they carried no packages or baggage.

supplies totalling two million tons in Berlin just in case the blockade is reimposed.

In any event it appeared certain that the machinery which broke the blockade will be kept handy in event the foreign ministers meeting in Paris is again a stalemate and stiff measures are invoked again.

Unless there has been a great softening in the Russian attitude, officials foresee a long and stormy session ahead for the foreign ministers. Such a change in Moscow's part is not completely ruled out in view of the changed situation in Germany as a result of the Atlantic pact, the Marshall plan and the proposed rearmament of Europe.

The new figures will meet as the top men in the Paris talks for the first time. Secretary of State Dean Acheson never has attended a big foreign ministers conference. Moscow's Andrei Vishinsky, who is a familiar figure from other international meetings, will head the Russian delegation for the first time.

### CORRECTION

In Thursday's ad. on the fourth and last of a series of children's plays by the Pittsburgh Children's theater, at senior high auditorium tonight at 7:30, it was stated that season tickets or single tickets could be purchased at the door. This was in error, as only season tickets will be honored for admission to the play.

## ST. MARY'S HOLY NAME IS PLANNING FOR ANNIVERSARY

(Continued from Page One)

to be followed by a rally and holy communion breakfast in the Cathedral on Lincoln avenue.

From his pre-die in the sanctuary, the very Rev. Monsignor Joseph A. Cousins will view the men as they march into the church from the auditorium and take their places in the transept and nave, marching to the strains of the ancient Catholic hymn so appropriate to the day. "On This Day, Oh Beautiful Mother".

### Officers of Mass

The Rev. Francis M. McCarter, pastor of St. Mary church, and honorary president of the society, will celebrate the traditional solemn high mass of thanksgiving and petition. He will be assisted by the Rev. Francis P. King of St. Mary and spiritual director of the society as the deacon of the mass. The Rev. Francis Hugh Gallagher, also of St. Mary, will serve in the capacity of sub-deacon. The Rev. Patrick M. O'Neill, C. P., of St. Paul Monastery, Pittsburgh, will be general master of ceremonies.

The complete ancient ritual of the Roman Catholic church, including torch-bearers, Thurifer and boat-bearer, chaplains, ministers, altar boys, choir boys, acolytes, priests, missionaries and monsignori will be carried out in all its fullness and beauty, portraying a proper setting for the holy sacrifice of the mass. Four priests will assist in the distribution of the blessed sacrament at holy communion time as the men approach the marble altar rail so that the high number of men may be accommodated.

### Choir to Sing

The senior male choir under the direction of Anthony Snyder, a member of the executive board of the society, serving as director of music, with Mrs. Josephine Huntley presiding at the console of the great organ, will sing the renowned "Missa in Honore Sanctae Joan De Arc", by Franz Greuber. They will be assisted by the boys' soprano choir and the concert choir, whose voices will be blended with the chancel organ played from the sanctuary.

The offertory hymn, in keeping with the spirit of the day, will be the beautiful "Ave Maria", by Franz Alps, sung by a special malo octet furnishing an appropriate obbligato to the tenor solo for which the well-beloved hymn is renowned.

### R. T. B. Lappan to Preach

The Very Rev. Thomas B. Lappan, director of the Pittsburgh Diocesan St. Vincent de Paul society, will deliver a special sermon at the holy mass. In harmony with the spirit of the day he has chosen for his subject, "Your Mother and My Mother—Both Children of the Mother of God". Father Lappan has spent years in Holy Name work before becoming director of the St. Vincent de Paul society, and is known as one of the best ascetic orators of the diocese.

### March to Cathedral

Immediately following the jubilant te deum which will conclude the solemn high mass the men will march to the Cathedral on Lincoln avenue, where the rally will be staged under the moderation of Monsignor Cousins. The parade of the society will be under the guidance of N. M. Fellers, assisted by other ex-service men of both World War I and World War II. The color guard heading the group will be staffed by members of the society in uniform from each branch of the male armed service.

A communion breakfast will be tendered the men in the main dining room of the Cathedral. It will be prepared by the Ladies of St. Marys under the direction of their president, Mrs. Emmett P. Clark, and served by the "Career Women" of the parish, assisted by St. Mary's Sodality under the direction of Miss Mae Dagnon. Charles Hogue, an executive member of the society, will supervise the culinary department.

### To Have Election

At the conclusion of the break fast the election of officers who will guide the society throughout the coming year will be held, and they will be installed at a special session of the society early in June.

The entire celebration is under the chairmanship of the society, with President Emmett Dagnon acting as co-chairman. They are being assisted under the direction of Father King by the executive and a special committee. These committees include: John J. Maher, Bernard N. Hanlon, James T. Carey, Thomas A. Flanagan, Hugh Dougherty, Richard Burke, Michael Murphy, John A. Newman, Ben Taylor, Oscar T. Murphy, Dan Hannan, Joseph B. Hannan, James Barnes, Angelo Fratini, William Strawbridge, John Snyder, N. M. Fellers, Charles Hogue, James A. Rote, T. Dale Young, William O'Loughlin, John Hart, Sr., Patrick William McCarthy, Patrick A. Moriart, William Ambrose A. Ryan, Joseph Heaney, Robert A. Attacks Western Powers In United Nations Over Issue Of Franco Spain

LAKE SUCCESS, N. Y., May 6.—(INS)—Soviet Deputy Foreign Minister Andrei Gromyko ignored the accord between the West and Russia on Berlin today and made a major United Nations attack on the United States, Britain and France over the issue of Franco Spain.

The Russian, speaking in the 58-nation political committee, accused the western Big Three of supporting and arming Franco and of building air bases in Spain for a coming war against Russia.

Gromyko charged the American general staff with "coniving" with the Spanish general staff.

He also assailed Sen. Gurney (D) of Missouri, and former Democratic National Chairman James A. Farley, naming them as the foremost friends of Franco.

Authoritative sources said that U. S. Ambassador Ray Atherton, one of the American U. N. delegates, would answer Gromyko's charges.

Atherton is expected to reaffirm the U. S. intention of keeping the diplomatic boycott against Franco in force and of excluding the Franco regime from the Marshall Plan and North Atlantic Pact.

Reports reaching Hong Kong,

where there is no censorship, said that Nanchang, 400 miles southwest of Shanghai, has been partially evacuated and may be taken soon by the Communists.

The announcement, carried in the *Trammen News*, official weekly of the BRT, was the first public notification of the results of the conferences which concluded April 29 in Chicago.

The pact, which takes effect July 1, provides one week's vacation with pay for a year's service, provided the employee worked 160 basic days in miles or hours.

Employees with five or more years' continuous service will receive annual vacations of two weeks with pay.

The Shanghai garrison, admitting Communist thrusts have mounted in fury, claimed that an assault by 5,000 Communists near Taichong, 30 miles northwest of Shanghai, was repulsed after a two-hour battle early today.

But the main Communist effort on the Shanghai front appeared aimed at Kashing. There, the garrison admitted, fierce attacks have brought the Communists to the Nationalist airfield in the city's southern outskirts.

## INS Newsman Warns Of Russia's Plans

Believes West Must Support Uni-  
fied Germany To Defeat  
Soviet Plans

COLUMBIA, Mo., May 6.—(INS)—Pierre J. Huss, International News Service staff correspondent, believes that the West must support a unified Germany to defeat Soviet plans to use the issue as bait for German sympathy.

The chief I. N. S. correspondent at the United Nations warned that to lose the battle with Russia over Germany "would be short of disastrous" and that the democratic powers must meet the German unification half-way.

Speaking at the University of Missouri's observance of "Journalism Week" at Columbia, Huss said that the Soviet Politburo "decided on new tactics for the mastery of Germany some time ago," after the Allied air lift "blocked out the value of the Berlin blockade". He continued:

"Events in the past two years have evidently convinced Stalin that he cannot have a safe and sound Communist government in Germany."

"Tito's rebellion and successful split from the Cominform is one example."

"By forcing a Communist regime on Germany, Stalin would have to keep it in line with a million bayonets."

## THE PARENT PROBLEM

(Continued from Page Four)

Our irritation over the child's lag or refusal to accept our suggestions (advice) prompts us to scold him. Then before we know it we are jawing all advice at him, especially at the adolescent. We incline to jaw exhortations at the youth at the very time when he is already irritated and resistant.

On the positive side everything we do in the countless family situations to prove to the child three, nine or 16 our deep aiding regard for him as a person helps cultivate the relationship in which he will most readily not only accept our advice but even ask us for more of it. Perhaps the ideal goal transcends the reaches of our mortal frame upon this earth.

from Europe, Communist speakers in France are taking the same line.

No sensible person would advocate keeping back legitimate news in this country because it might serve as propaganda for Communism abroad. Any effort to keep back news the public should legitimately have opens the way for sensationalism and exaggeration.

But details of the mental illness of a private individual, true or false, are not, in my opinion, legitimate news even though that individual may have held high office.

Secretary Johnson recently visited Forrestal and reported he was recovering rapidly with the prospect that within a few weeks he would be able to make a survey trip around the world as requested by Johnson. The new secretary has taken one of the decisions—to stop construction of the super-carrier that balked his predecessor and is learning how very painful and difficult the new job is.

## BUREAUCRACY AT WORK

Before the new rent control law became effective, Tighe E. Woods, the housing "expeditor," announced that his office would need at least 1,500 additional employees. The formula which has been devised to carry out the provisions of the law is a tangle of red tape.

The new regulation issued by Woods' office, provides that any landlord operating "a small structure" can qualify for a rent increase if his net operating income is less than 25 per cent of his gross income. In his case 30 per cent is regarded as a fair margin of profit. A landlord operating "a large structure" can qualify for an increase if his net income is less than 20 per cent of his gross income. In his case 25 per cent is a fair profit, according to the rent bureaucrats.

No soothsayer is required to predict the bookkeeping troubles that are ahead of somebody in the administration of this law. Hundreds of thousands of small landlords will now be compelled to keep accurate accounts—probably for the first time in their lives. The office of housing expeditor will be in lush fields of clover, with millions of petitions to "study."

So when Mr. Woods says he will need 1,500 more employees, he is not guilty of extravagance of statement. The nation is about to learn again what it costs in time and money to exercise government control over any big enterprise.

## BERLIN BLOCKADE CALLED OFF

Says the Philadelphia Inquirer:

Big Four agreement reached to lift the Berlin blockade and to hold a Foreign Ministers' conference on Germany is a highly important, and hopeful development.

It had, of course, been anticipated since the recent announcement of negotiations to that end between the Soviet Union and the United States, Britain and France. But it is now an accomplished fact, with the date for the blockade lifting set at May 12 and that for the Ministers' meeting at May 23.

At the Big Four conference, first since the Moscow parley broke up last summer, consideration will be given to all questions relating to Germany, including those rising from the Berlin situation and the currency problem.

The Soviet blockade of the German capital has been in effect since March of last year. To combat it the United States installed the famous air-lift that has proved spectacularly successful. It has not only completely nullified the blockade, but it has served notice in dramatic fashion upon the nations of Western Europe that the U. S. is in Germany to stay as long as it deems necessary.

The Berlin air-lift has been a hugely-expensive undertaking and we are naturally glad to be able to terminate it, with the termination of the measures that called it into being. The Russian stoppage of Allied access to the capital by rail and highway was a squeeze-play intended to make it impossible or desperately difficult for us to maintain any measure of control in Berlin, and to force us to accept unwanted terms for a new Foreign Ministers' meeting on the German question.

The squeeze did not work. Our air force kept the air lanes to Berlin open, and meanwhile, in cooperation with our other Allies, we have gone ahead with plans for a West German state, formulation of the Atlantic defense pact and measures for European recovery.

With Soviet agreement to lift the blockade first and then hold the Big Four meeting, the Russians are admitting a colossal diplomatic defeat. While we regard this reversal as a hopeful sign, while we are glad to see normal communications with Berlin resumed and a new Four Power study given the German question, we may be sure that over-all Soviet policy with respect to Germany has not changed.

The domination of all Germany, East and West, by whatever means possible, remains a Soviet objective.

The United States, going into the latest diplomatic huddle with Russia, will hope for agreements that will mean peace, and will exert every effort to reach such agreements—but it must still be wary of Soviet trickery.

The amateur who has a promising garden is able to have a lot of respect for the soil.

It is always interesting to see the way city people brag about the country, and vice versa.

There are still plenty of good folks in the nations, but the bad ones seem to be making the headlines.

Keep that face smiling and all the reflections you see during the day will be smiling ones coming back to you.

An eastern marriage counselor has been sued for divorce. Apparently a case of the doctor who failed to take his own medicine.

The average citizen is confused when he reads that this country will protect western Europe militarily against Russia, described as an octopus that could overrun western Europe in six weeks.

If, as has been said, history is the lie that is generally agreed upon, Russia is not making much history. Almost daily the Russians claim they were leaders in some field or other, but they have not yet claimed the diamond-studded belt for being first with the truth.

## In View Of News Of The World

By J. C. OESTREICHER, INS Foreign Director

Gen. Lucius D. Clay's announcement of his forthcoming retirement as United States military governor of Germany threw attention today to his probable successor—a man who will be thankful he was unable to combine a military career with that of banking.

For John McCloy, now president of International Bank for Reconstruction and Development, was a captain in the first world war won the distinguished service medal and has held many important posts with the war department in Washington.

It is noteworthy that President Truman turned to an ex-military man to take over occupation of Germany despite the allied decision to place this on a civilian status.

### Achieved Success

Gen. Clay achieved his amazing success, capped by a new west German constitution and lifting of the blockade, because he tackled the German people and their problems in the most effective manner.

That was on a purely military basis.

Gen. Clay always recognized that the Germans operate and cooperate most satisfactorily when they receive firm orders from a commander who knows his business and has proved his competence.

This does not mean that Gen. Clay's government was a martinet regime in any manner whatever.

As a matter of fact, he tempered spit and polish of military efficiency with a democratic and human approach that has gone along way toward eliminating the hatred of America so carefully cultivated by Adolf Hitler.

## The Parent Problem

By Garry C. Myers, Ph. D.

### IF YOUTH ASKS YOU FOR ADVICE

If the youth in his teens were eager to profit from the advice of his parents he more often would go right. He would more easily withstand the many moral temptations which face him, and with courage and wisdom. He might strive to prepare himself better now for earning a living and becoming a good husband and good father, by and by.

But not many teenagers are inclined to seek advice from their parents, even to be receptive to the suggestions and advice these parents offer. No use to scold youths for this. We ourselves were like them once.

### Resist Advice

Ever so many conscientious parents try their level best to make their adolescent son or daughter see through their eyes. Indeed some of these parents, just because they try so very hard, find this son or daughter more and more resistant to their wishes and advice. More often than not these parents have used up far more effort and nervous energy at attempting to impose their advice and at worrying over the way this advice is spurned than at working on themselves and their relationships with the youth in order to render themselves more persuasive and their son or daughter more receptive to their advice.

Here are a few principles of psychology and common sense we should consider—good psychology is nothing more than good common sense anyway:

1. No matter how good the advice, it must be favorably received in order to be potent.

2. Nobody, including our children, is inclined to take advice which is imposed upon him.

3. It is not just the advice itself that is important but also the relationship between the adviser and the advisee.

Now this relationship between the youth who is advised and the parent who advises him is not wholly or chiefly determined at the time it is offered. It had been growing since the child was born. It depends upon all the ways of managing and guiding the child in his earlier years and all relationships with him up to now: how effective necessary restraints and requirements have been; how successfully stubbornness has been prevented or reduced and cooperation cultivated; how clearly the line between requests and positive suggestions on one hand and commands on the other has been drawn.

As parents, we incline to treat all suggestions and requests as if they had been commands, therefore to feel vexed when the child at two ten or 15 does not choose to comply with our requests or act on our suggestions and, in desperation, to tell him that he must thereby actually put these suggestions and requests into the class of commands. This I have explained at length in my bulletin, "Stubbornness," (to be had in a stamped envelope sent me at 235 East 45th street, New York, N. Y.).

It doesn't matter for the particular story that Professor Baboo, an eighty-year-old Puerto Rican, is really plain Reggia Wilson and the prince, a sixty-nine-year-old Hindu, was only an errand boy.

Nor does it matter that the "Holy Temple of Knowledge" was nothing but a broken-down store on upper Third Avenue in one of New York's sunniest districts.

What does matter is that many people went to their "holy oil" and believed implicitly in all the mumbo-jumbo these two dined out.

It also matters that all over this country thousands and thousands of so-called intelligent women and men go to fortune-tellers and other individuals who claim to be possessed with mystic and magical powers. They pay them their good money and think that they can thus steal a march on time and meet that dark-eyed, six-foot millionaire who will bring them fame and happiness, or close that big deal on which they have been working.

One of the strange phenomena of human nature is that all these gullible believers in the mystic arts don't seem to wonder why so many fortune-tellers operate in shacks and hovels, dress in rags and, as I experienced when I investigated these dealers-in-tomorrow, smell as if they had missed their bathtub by many a Saturday.

Wouldn't you think that a fortune-teller could tell his own fortune? Wouldn't it seem logical that if the crystal ball or the palm or a deck of cards really pointed the way to a million, the prognosticator would go and get that fortune for himself rather than let you have it?

What a dreary life this would be if we knew what was going to happen tomorrow!

Somewhere—I forget the source—it is written that you should live each day as if it were going to be your last.

In the same place it says that everything you do should be done as if you would never have a chance to redeem your errors or to right a wrong.

Play a novel, a movie, loses its interest when the element of suspense is eliminated.

Life, being a play, would be terribly monotonous if you could anticipate the ending or even what the next act was going to bring.

The average citizen is confused when he reads that this country will protect western Europe militarily against Russia, described as an octopus that could overrun western Europe in six weeks.

Keep that face smiling and all the reflections you see during the day will be smiling ones coming back to you.

## River Rivalry To Be Revived May 21

Two Of Pittsburgh District's Boats To Race Up Ohio And Monongahela Rivers

PITTSBURGH, May 6.—(INS)—The river rivalry of by-gone days will be revived in Pittsburgh when two of the district's fastest and most powerful sternwheelers race up the Ohio and Monongahela rivers on May 21.

Pitted against each other will be the "Sailor," pride of the Jones & Laughlin Steel Corp. fleet, and the "Homestead," of the Carnegie Illinois Steel Corp.

The race will start at Neville Island down the Ohio river from Pittsburgh, and end at the Smithfield street bridge which spans the Monongahela.

With a full head of steam up, the boats will steam upriver in a battle of speed and maneuverability in the best tradition of the "Robert E. Lee."

Already the rivalry between rivermen is keen and discussions and arguments about which boat will win are heated.

Some 200,000 persons are expected to line the river banks along the race route. The contest will be preceded by a colorful parade of industrial and pleasure river craft gaily decked-out in a full array of flags and other decorations.

The affair will climax "Welcome Weeks" being celebrated in Pittsburgh. The two week program of special tours and events is expected to draw thousands of visiting business men and industrialists as well as tourists to see Pittsburgh in operation.

### Accident Causes

#### Given By State Police Of County

Three hundred and seventy patrols were made by State Police attached to the New Castle station during April, which result in a coverage of 7,620 miles. Twenty-two accidents were investigated in which two persons were killed and 14 hurt.

The major causes of the accidents were: first, failure to drive on the right; second, failure to give signs, and third, driving too fast for conditions.

Property damage amounted last month to \$10,070.

Accidents occurred on roads, as follows: route 422, six; 88, five and 224, three. The other crashes took place on other county roads.

One hundred and forty-six persons were arrested in the county for violation of the motor laws. State Police recovered one stolen car last month.

### T.P.C. Has Final Class Session

Members of the Teen-Agers Progressive club met in the home of their supervisor, Mrs. Leo Orelli, of 801 Pollock avenue, Tuesday evening for their seventeenth class in cooking.

Miss Edith Pratt acted as hostess preparing buttered corn, green string bean salad, Italian style, and a delicious tapioca pudding, with the aid of her supervisor, Mrs. Orelli. Miss Margaret Orelli captured the door prize and Miss Mary Ann Cassella was a special guest.

In a period of nine months, the girls have had classes on the different preparations of meats. That phase of their schedule has been completed. The girls have also had some oral lessons on Methods of Cooking.

It has been decided by Mrs. Orelli and the girls to discontinue the cooking classes for the summer months. They will continue to meet every two weeks but for social times only.

The next meeting will be May 17, at which time Miss Marie Boni will act as hostess.

## THE FAMILY SCRAPBOOK

By DR. ERNEST G. OSBORNE

Is The American Father Vanishing?

Recently a famous psychiatrist wrote an article in which he said in effect that the job of being a father was going to the dogs. He told how little time dads were spending with their children and deplored the amount of influence that mothers were having.

We all know that family life is different than it was when most of us lived on farms. We all know that the demands of modern living often keep fathers extremely busy outside the home. From where I stand, however, the picture doesn't look so gloomy as it does to our psychiatrist friend.

I see a lot of ex-G.I. fathers who are taking a big part in the care of even their infant children. I hear of fathers who don't let business or professional matters interfere with their jobs of being pals to the youngsters. I know more and more prospective fathers are taking courses and reading books that are helping them in getting ready to be fathers. There are many indications that father is coming back into his own.

How does it look to you? I'd be glad to hear about ways in which men are doing a good job of being fathers. And I'm sure Family Scrapbook readers would like me to share some of your ideas and experiences with them.

### Memorial Day Plans Progress

Arrangements for Annual Celebration Are Well In Hand, Chairman States

Arrangements for Memorial Day are progressing under the direction of the general committee, composed of representatives of various veterans and patriotic organizations.

There will be four divisions in the parade, with four bands having been secured for the parade, which will take place from the veterans memorial at the court house to Greenwood cemetery.

These are the senior high school, Union Township high school, Post 343 American Legion, and Croton school band.

This year's celebration will mark the 35th year that W. A. Hoffmeyer and his band have participated.

Only once in that time has he missed having a part in the observance.

### Plan Crackdown On Some Schools

HARRISBURG, May 6.—(INS)—A crackdown on the "rackets of some schools" operating under a license of the GI Bill of Rights was promised today by an alliance of veterans' and state officials.

The county directors of veterans affairs and the state public instruction department formed an alliance to halt shady practices of fly-by-night outfits which take advantage of governmental subsidies allocated for the benefit of World War II veterans.

Clyde E. Rankin, deputy state adjutant general in charge of veterans affairs and president of the State Association of County Directors, asked organization members "to act as one man police forces to check up on the racket jobs some schools have set up."

Dr. Paul L. Cressman, director of the state bureau of instruction, told the annual county directors conference "we are going to make them run good schools and those that aren't run right will be shut down."

He asked for cooperation in exposing "shady" schools from the association.

### British Forces Sent To Hongkong

LONDON, May 6.—(INS)—Defense Minister A. V. Alexander told the House of Commons today that "substantial reinforcements" are being sent to Hongkong.

He said the reinforcements include Army, Navy and Royal Air Force units.

They will bring land forces up to six battalions in addition to auxiliaries such as tanks, field guns, anti-aircraft guns and anti-tank cannon.

## Fourth Round Wage Increases To Be Demanded

C. I. O. United Steelworkers  
Are Set To Make New  
Demands In Steel  
Industry

PITTSBURGH, May 6.—(INS)—The CIO United Steelworkers were set today to demand a fourth-round wage increase for the union's entire 1,116,000 membership.

The USW wage policy committee meeting in Pittsburgh yesterday approved unanimously a program that will also call for pensions and disability benefits, social insurance for members and their families, and improvements in existing pension or insurance plans.

President Philip Murray said the amount of the wage hike and pensions will be decided on later when negotiations with steel producers begin.

### Disability Benefits

The USW chief was more to the point on the matter of disability and insurance benefits. Specifically the union will ask \$35 per week for 12 months for each disabled worker, plus free medical and surgical care for 70 days.

Medical care for wives and dependents under 18, up to \$10 per day, will also be asked. In addition, the union will seek life insurance benefits amounting to a year-and-a-half's wages.

Negotiations on some 835 contracts covering more than 700,000 workers primarily in basic steel, are scheduled to get underway in mid-June. These contracts expire July 16, 1950, but may be reopened for wage, pension and insurance discussions. Notices will be filed by May 16.

### Other Contracts Expire

Contracts with some 1,122 fabricators covering more than 400,000 workers in the fabricating industry expire within the next three months. The union will seek the same benefits for these members.

Other objectives of the union will include a guaranteed annual wage; elimination of wage differentials based on geographic locations; union shop and checkoff; time-and-a-half for Saturday work and double-time for Sunday; improved vacation benefits, and seniority rights.

Murray's statement that none of the demands would receive priority in negotiations indicated the union will be determined in its dealings with management.

## New Equipment For Paramount Theater

New sound equipment of the most modern design has been added at the Paramount Theater, 310 East Washington street, which is owned by A. J. Masters, it was announced today by Manager Sam LaScola.

This will add greatly to the showing of the pictures at the theater. In addition to the new two-way sound equipment, a new snowwhite screen has been added, bringing out the pictures in perfect detail.

## Refund Policy Change Dropped

Bill Fails To Pass In Final Sessions Of State Legislature Before Adjournment

### OTHER NEWS OF STATE AFFAIRS

HARRISBURG, May 6.—(INS)—A bill which would have had a far-reaching effect on the commonwealth's tax refund policy was dropped by the legislature shortly before adjournment. Sponsored by Senate Majority Leader John M. Walker (R) Allegheny, the bill would have freed the state of rebating taxes later found to be inequitable or illegal . . . The measure would have limited rebates to those "borne by the petitioner," another way of saying refunds would have been ruled out for businesses passing the levies on to ultimate consumers . . . The commonwealth now allows rebates under an elastic policy and it is the opinion of one official that a similar line of reasoning can be followed under present refund provisions . . . The net effect would be to save the commonwealth untold sums of money should any taxes questioned in court be invalidated.

The State Capitol can produce its share of would be mechanics on occasion . . . A short circuited horn on a parked car started the parade of potential fixers from nearby office buildings . . . all approached the locked car with confidence but retired in defeat . . .

One was Public Assistance Secretary Frank Robbins . . . The trouble was that the hood had to be unlocked from within the car . . . At one time there were four state capitol policemen and a half dozen passersby on hand . . . The horn echoed raucously around the buildings until an auto mechanic appeared, used a pinch bar to spring a small side window and disconnected the offender.

Charles Rugarber, mentioned as a possible to David R. Perry as Governor Duff's secretary, received a long, hand-written letter from a man complaining of some governmental function . . . On the outside sheet of the neatly folded communication was an admonition not to bother with the complaint because it had been remedied . . . Rugarber is Duff's press secretary, a post he has held under three governors.

Among the things Theodore Roosevelt III did upon reaching the state capitol to take over his new duties as state commerce secretary was to visit the rotunda of the main building . . . There he stood on the floor plaque commemorating the spot where his famed grandfather dedicated the building in 1906.

Relief will be a big item in Pennsylvania's government operations during the 1949-51 biennium starting June 1 . . . The cost to the state and federal government will run in excess of \$200,000,000 . . . Governor Duff recommended \$151,000,000 as the state's share for the biennium but the legislature added \$10,000,000 to the sum . . . It is possible the governor will trim the added amount from the bill which now meets the stated needs of the Department of Public Assistance . . . Supplementing the state's allocation, will be a sum equal to about one-third of the commonwealth's expenditures . . . The state's relief appropriation, whether it be the sum recommended by the governor or the amount proposed by the legislature, will be about eight per cent of the overall budget for the biennium.

**Twenty-One At First Class On Care Of Babies**

Sixteen expectant mothers and five expectant fathers attended the first of a series of classes and demonstrations in the care of babies at the New Castle Hospital *new*'s residence Wednesday night.

Sister Laurence Mary, directress of nurses at the hospital, who is in charge of the classes announced today that five more women have enrolled and will attend the second class next Wednesday evening. The classes, sponsored by the Ladies Auxiliary of the hospital, will be held each Wednesday night at 8 o'clock for the next four weeks. All expectant mothers and fathers are invited to attend.

Sister Mary John, superintendent of the hospital, welcomed the group and outlined the purposes of the classes. Mrs. William L. Strawbridge, president of the women's board of the auxiliary, also addressed the group briefly.

Miss Anne Mastriani, head nurse in the obstetrics department, conducted the class demonstrating the various techniques involved in infant care.

Declares There Is Hopeful Basis For Settling Aspects Of German Problem

LONDON, May 6.—(INS)—Foreign Secretary Bevin said today there is a "hopeful basis" for believing an enduring settlement of the German problem in all its aspects will be solved at the council of foreign ministers meeting.

Bevin made the statement in announcing to the House of Commons the lifting of the Berlin blockade on May 12 and holding of the foreign ministers meeting on May 23 in Paris.

The foreign secretary praised the agreement reached and paid tribute to the people of Berlin. He said "the firm yet reasonable" policy which produced the agreement has justified it.

## Radar Cooking Latest Thing

PHILADELPHIA, May 6.—If you're cooking with gas, you aren't on the beam these days.

Now it's radar cooking—microwave energy harnessed to provide the fastest known method of cooking food.

The new way is so fast that gourmets hardly have time to drool over the thought of a tasty hamburger, because it takes only 15 seconds to cook one.

If, they prefer a sizzling steak with all the trimmings, presto—it's done in 45 seconds. Cooking a half chicken takes somewhat longer—all of two minutes.

The Pennsylvania railroad made this epicurean disclosure today in

revealing its experiments with the so-called "radar" cooking.

A new "radar unit" cooks all parts of the food at the same moment, and is only the size of a small oven, the railroad said.

An experimental car serving "radar" food will operate occasionally in regular service on some trains in the coming weeks. The energy for the cooking comes from a single electronic tube in the oven.

## W. & J. College Begins Open House

Program Includes Exhibits By  
Chemistry, Biology, Physics  
Department

WASHINGTON, Pa., May 6.—(INS)—Washington and Jefferson College today began a two-day open house celebration with "everyone in the tri-state district invited".

The program includes an elaborate series of demonstrations and exhibits by the chemistry, physics, and biology departments.

Dean Edward Davison, well known poet and lecturer and chairman of the W. & J. English department, will give a lecture on poetry.

Dr. Otto F. H. Bert, professor emeritus of applied science, will give an astronomical demonstration.

There will also be television and atomic bomb demonstrations, a sound picture on conservation of natural resources, and other exhibits.

Doors of the school will be open to the public 7-10 p.m. Friday and Saturday, and Saturday afternoon from 2-5 p.m.

The special meeting of the Mary Jane's Missionary Society at the church Tuesday evening, was well attended. Mrs. Dorothy Smith was leader of the devotions. The Junior Missionary Society was the choir for the evening, and they sang two special selections. Rev. Rayburn Campbell of the Chil-

dren's Home at Valencia, showed slides of the children and of the home and gave a very interesting talk. An offering was taken and given to Rev. Campbell to be used for the Home. Rev. Snodgrass dismissed the group with prayer and benediction.

Refreshments were served in the Sunday school room by the social committee. Mrs. Emma Boyles, Mrs. Namie Black and Mrs. Helen Martin. A piano solo by Elizabeth Temple was a special feature.

Mothers and daughters of the U. P. church gathered in their church dining room for their tureen dinner banquet, Thursday evening.

Mrs. Lillian Edie, general chairwoman, thanked all who had helped in any way make the banquet a success. She also told the group

that a very sumptuous meal was served by the men. About seventy-five persons were in attendance.

The following program was given while guests were at the table:

Group singing, Mrs. Rena Mayberry, in solo, toast to mothers, Mrs. Mabel Sickafuse; response to daughters, Mrs. George Patterson; duet, Mrs. Ruth West and Carol.

Group presentation of gifts. Oldest mother, Mrs. Shoat; youngest mother, Mrs. Jane McConnell; mother with most daughters, Mrs. Margaret Patterson; newest mother, Mrs. Bernice Offutt; Monaco dress, Mrs. Florence Covert and Mrs. Pearl Dean.

Mrs. Lillian Edie, general chairwoman, thanked all who had helped in any way make the banquet a success. She also told the group

that the potted pansies, that were at each place, which were table decorations, along with miniature maypoles, were souvenirs.

**Small Idaho Town  
To Become West's  
Atomic Metropolis**

**Atomic Energy Commission Takes  
Over Town To Set Up Re-  
actor Testing Station**

By C. M. ROSE  
(L.N.S. Staff Correspondent)

ARCO, Ida., May 6.—Arco, a quiet small town of about 600 population, had no desire to become a city. But residents feel a city is being thrust upon them.

Arco lies within five miles of the boundary of a huge, sprawling wasteland in southern Idaho taken over by the atomic energy commission for a reactor testing station. Soon the west's oldest industry, cattle grazing, literally will mix with its newest, the development of atomic energy.

First reaction was resentment. Stockmen preferred 12,000 cattle to 12,000 people.

**Are Now Reconciled**

But all are now reconciled. Stockmen learned that each reactor setup will be fenced into a plot of about 300 acres. These will be widely scattered over some 20 miles square.

Not more than three will be completed by the end of 1950; possibly ten will be built in the next ten years. Throughout the project's development and afterward, cattle will graze on a major portion of the area.

As for the town, it's going ahead with a long-range outlook despite a sudden injection of excitement and "boom" atmosphere by the AEC's announcement.

AEC building will not start for months, but construction workers already are at Arco, and busy. They form a 25-trailer house adjunct to the once undisturbed village. Motor courts, cafes, bakeries, night clubs, residences are going up.

**Values Double**

Real estate values have doubled in six weeks. Business lots which were \$1,000 now are bringing \$2,500. Residential lots have boomed in the same proportion.

The town's hotel three months ago could have been bought for \$40,000. Owners have refused a \$65,000 offer in fact, no Arco businesses have been sold. Owners are holding to their property and expanding.

But new businesses are coming in. Erection of a new hotel will start soon, to cost \$400,000. It is

being promoted by W. G. Grossman, of Pasco, Wash., another atomic energy-vitalized town of the west.

Two California businessmen bought a nearby ranch, levelled 80 acres and are plotting a huge housing project. Henry Moore, a rancher, retained a large tract and is building a \$10,000 home.

City leaders are directing the town's growth as much as possible. They don't want a "boom town."

Arco's first airfield, to cost \$70,000, is under construction. Twenty acres were acquired from the state for a city park. Officials are surveying a sewage system and planning hospital facilities. Butte county is voting bonds to build a new high school.

Arco residents once looked upon the nearby craters of the Moon park and surrounding lava beds as a fantastic and gruesome touch of nature. Now they are convinced the area had a beneficial purpose—as the one and only site made to order for transforming nature's secrets into new power and strength to bring mankind wonderful wealth through atomic energy.

First reaction was resentment. Stockmen preferred 12,000 cattle to 12,000 people.

**Cotton Crop Of '48 Biggest On Record**

WASHINGTON, May 6.—(INS)—The agriculture department reported today that last year's cotton crop was the largest in 11 years and the seventh biggest on record.

In its final report for the season the department estimated the 1948 cotton crop at 14,868,000 bales. This compares with a 1947 crop of 11,857,000 bales. The 10-year average for U.S. cotton production is 12,014,000 bales.

The department estimated that the combined value of cotton and cotton seed production was \$2,641,336,000, the highest on record. The previous record was set in 1919 but last year's crop exceeded that by 12 per cent.

Adrian IV, who was Pope from 1154 to 1159, was the only Englishman ever raised to the Papacy.

Farm Woodlands And Forest  
Areas With DDT**

HARRISBURG, May 6.—(INS)—Agriculture Secretary Miles Horst today reported more than 26,660 acres of farm woodland and forest areas surrounding Quakertown have been sprayed by airplanes to knock out the gypsy moth.

Three bi-planes and one twin-engine converted Army C-47 completed the spray job, using one pound of DDT to each acre, in seven working days.

Two power mist blowers mounted on army ammunition carriers, will continue operations for about another week to complete treatment of more than 100 miles

of roadsides, or about 4,000 acres, Hors said.

He called the anti-gypsy moth campaign "successful" and said the pest has been "completely eradicated from the area."

Spray planes began work April 25 and operated an average two hours a day.

**Voted To Join CIO In Referendum  
Conducted During Last  
60 Days**

WASHINGTON, May 6.—(INS)

—The Independent Communications Workers of America announced today that its members have voted to affiliate with the CIO.

Fifty-seven per cent of the tele-

phone union's membership participated in a referendum conducted during the past 60 days. A total of 71,312 voted to join the CIO, while 34,419 voted to remain independent.

Joseph A. Beirne, CWA president, said the union will make application for its CIO charter "without the next few days." He added: "We are pleased with the outcome of this referendum. It clearly shows that phone workers want the additional strength they will get through affiliation with the CIO."

First job will be to amalgamate CWA and several small telephone units already in the CIO into one big union. The CWA represents some 230,000 telephone workers throughout the nation.

## GAIN HOPE FOR BLIND TWINS

**HOME AGAIN** in New Orleans with their twin sons, Denny and Kenny, Mr. and Mrs. Andrew C. Hoffman have renewed hope that both their boys may gain vision that has been denied them from birth. Financial assistance from fellow workers and citizens enabled them to take the twins to New York, where specialists said that Denny, who was born with slight vision, may get complete sight without an operation. Kenny, totally blind, was operated upon, but results will not be known immediately. (International Soundphoto)

## Around Hollywood

By FRANK NEILL  
(International News Service Staff Correspondent)

hollywood, May 6.—If you think a movie star lives a soft life, kindly consider Alan Ladd's work schedule for a week during the filming of "After Midnigh."

Monday—Alan starts off battling mouse-size George Lewis in catacomb wine cellar of an Italian castle. Lewis, armed with a knife that could hack the head off an elephant, chases Ladd up a flight of stairs. They slug each other off a balcony and finally topple 15 feet onto a pile of wine barrels. The scene is repeated four times.

Tuesday—Alan and Lewis, still muscle-sore, continue the slugfest with Frances Lederer joining the party. Ladd leaps behind a table and ducks a knife Lewis hurls at him. Lederer fires a revolver and, by a property man's trick, wine bottles stacked above Ladd cascade down on his nogging, adding lumps to the bruises.

Wednesday—Ladd, still behind the table with assailants closing in for the kill, pulls down a ceiling-high wine rack loaded with hundreds of bottles. All three of them get their beating is a lot of dough.

On Saturday night Ladd—worn and battered—hies for his Hidden Valley ranch and a good night's rest. There he discovers that Alsud, one of his race horses, has a painful shoe boil. He sits up most of the night treating the steed.

Pity the poor movie stars. All they get for their beating is a lot of dough.

### WHERE ARE THE KIDNEYS?

It used to be customary for some "patent medicine" companies to put out an almanac. It was usually a pamphlet which told about the moon and the weather.

Mostly there was a picture of an old man leaning on a cane. He was holding one hand on his back. He was supposed to be holding his hand on his kidney because he had backache.

His hand was not anywhere near the place where the kidneys are located but that didn't seem to make much difference.

The kidneys are located in the middle of the back just at the lower edge of the ribs. They are pretty well protected by the bones.

Backache is very seldom caused by kidney trouble.

There are a lot of different causes for pain in the back.

Sometimes the doctor has some trouble to find out what is the cause of the pain.

A German alchemist named Georgius Agricola, accidentally discovered zinc, when, in the 16th century, he was treating ores for lead and copper.

OFFICE MONOPOLIZED  
SCHOHARIE, N. Y.—With the appointment of Miss Elizabeth D. Wright as clerk of this village, officials figured out that members of her family have filled the office for more than 40 years. Miss Wright also is village treasurer and collector.

Her father and her brother

had served in the same capacity.

EXPERTS FOOLED

BELLEVILLE, Ill.—Southern Illinoisans who were caught flat-footed by an unexpected late winter snowstorm had at least one

consolation. Some 25 Air Force

weather experts also were unable

to predict the storm. All were marooned at Scott Field and forced

to stay in temporary quarters there overnight.

Drive Slow—Children Move Fast.

Cancer is one of the oldest known diseases, and it is curable. However, due to delayed treatment, it is the second largest cause of death in the United States. It is not catching, because it is not due to a germ.

## BETA SIGMA PHI INSTALLS OFFICERS

Members of the Pennsylvania Epsilon Gamma chapter of Beta Sigma Phi, international social and cultural sorority, met Wednesday evening in the home of Mrs. Kenneth Ramsey, 121 Park avenue.

The meeting was opened by the members repeating the opening ritual. Mrs. Howard C. Frew conducted a short business meeting, after which the new officers were installed.

Before a beautifully decorated ritual table, Mrs. Howard C. Frew, retiring president, installed the following as officers: president, Mrs. Donald Copson; vice president, Mrs. John DeGarmo; recording secretary, Mrs. David G. Matthews; corresponding secretary, Mrs. Robert Meister, and treasurer, Mrs. Michael Zuk. The meeting was then closed with the closing ritual.

Rev. Arthur D. Wenger, associate pastor of the First Christian church, gave a very interesting talk on "The True as a Substance of the Art of Life".

Miss Mildred Miller and Miss Lois Jean Henks, co-hostesses, served a lunch at a late hour, carrying out the spring theme.

Wednesday, May 25, the Epsilon Gamma chapter will hold a mothers and daughters banquet at the St. Paul Lutheran church. Mrs. Herman Domke is in charge of all reservations.

The next regular meeting of the group will be held at the home of Miss Alice Welther, 517 E. Moody avenue, May 18. Miss Mildred Miller will be in charge of the cultural program with Mrs. Howard C. Frew and Miss Lois Jean Henks assisting.

## EMMY SHAFFER IS FETED AT SHOWER

Miss Emmy Shaffer, bride-elect of May, was guest of honor at a miscellaneous shower party Wednesday evening at home of Mrs. Edward Gunther Sr., Harlansburg road.

Thirty guests attended and the evening was spent informally with contests being played. Winners were awarded prizes. The honoree was presented with a lovely spring flower corsage.

At a later hour, a dainty lunch was served by the hostess, and she was assisted at the nicely arranged table by Mrs. William Gunther, Mrs. A. Gunther, Mrs. M. Lapisky and Emma and Martha Gunther. A bride doll centered the table, and miniature water-lily favors marked each place.

The honoree was the recipient of many lovely and useful gifts, which were heaped in a gayly decorated wheelbarrow. Streamers that were tied to each gift were arranged in a sprinkling shower can on the chandelier.

Miss Shaffer, daughter of Mr. and Mrs. Robert Shaffer, of 332 Harding street, will become the bride of Albert Gunther, son of Mr. and Mrs. Edward Gunther, of the Harlansburg road, on May 17, at 7 p.m. in the Croton Methodist church.

**Emanon Bridge Club**

Emanon Bridge club was entertained Wednesday evening in the home of Mrs. Dale Gibson, 115 East Garfield avenue.

Trophies for bridge were awarded Mrs. H. L. McCartney, Mrs. David Harlan and Mrs. Jesse Joseph. Mrs. Joseph E. McIlvenny, a special guest, received a lovely hostess gift. Mrs. John Robinson aided the hostess in serving.

Mrs. Robert McQuiston, 7 West Euclid avenue, will entertain at her home Wednesday evening, May 18.

## ROUND-UP CLUB HONORS MEMBER

Round-Up club members met Thursday evening in the South Mill street club rooms, and the oldest member and mother of the organization, Mrs. Clotilda Ross, was feted, in observance of Mother's Day.

President Mrs. Anthony Bulano was in charge. In behalf of the club, Mrs. Ross was presented with a lovely gift, the presentation being made by Mrs. A. J. Capezio. She responded graciously.

Mrs. Louis Gaspereau was welcomed as a new member at this time. Plans were made for the June trip to Pittsburgh to attend a baseball game.

The birthday of Mrs. Louis Ross was honored and she received a gift from her secret pal. Mrs. Frank Pacelli captured the club token and later the group played cards.

A tasty lunch was served by hostesses: Mrs. Joseph Tedesco, Mrs. Clotilda Ross, Mrs. Lowell Lombardo, Mrs. Anthony Scopio, and Mrs. Augustine Roselli.

Tuesday, May 17, is the date of the next meeting at the home of Mrs. Thomas Maciarello, 745 South Mill street, co-hostesses to be: Mrs. Angelo Collela, Mrs. Nick Tuscano, Mrs. William Russo, Mrs. Sam Buliano and Sue Gennoeck.

## LADIES AID

### MAY MEETING

Members of the Ladies Aid of St. Paul's Lutheran church held their May meeting, Wednesday afternoon, in the church. Devotions were led by the president, Mrs. Charles F. Brickner. Mrs. A. C. Dietterle presided over a memorial service held for a departed member, Miss Katherine Treiser. Miss Anna Dietterle and Mrs. Brickner sang "Just Beyond the Border Line", accompanied by Mrs. Dietterle on the piano. Miss Lillian Hartman read a poem and placed a white carnation in Miss Treiser's memory.

Miss Dell Davidson was a special guest. Plans were completed for the mothers and daughters banquet, to be held in the church social rooms, May 11. Mrs. John Welther is chairlady of the committee for arrangements.

Hostesses for the May meeting were Mrs. George Solomon, Mrs. Mary Schuller, Mrs. William Sim, Mrs. Sara Snyder and Miss Clara Schuller. They served delicious refreshments at the close of the evening.

## TEBAY BOOK ENGAGEMENT TOLD

James Tebay, of Wampum, and Katherine Tebay, of Beaver Falls, announce the engagement of their daughter, Doris Eileen, to James Book, son of Mr. and Mrs. Fred Book, of Edensburg.

Miss Tebay is presently teaching at the Darlington high school and attending Geneva College night school.

Mr. Book served in the U. S. Navy during the war and is now a student at Geneva College.

Wedding plans will be announced at a later date.

## EDWARDS SOCIETY

Edward Missionary society of First Christian church will assemble this evening at 8 o'clock in the church.

**Gen. Clay Receives  
Congratulations On  
His Berlin Airlift**

Defense Secretary Johnson Sends  
Clay Message On Ten-Month  
Airlift Operation

WASHINGTON, May 6.—(INS)—Defense Secretary Johnson on Thursday congratulated Gen. Lucius D. Clay, American Military governor in Germany, on the tenth month operation of the airlift.

In a message to Clay, Johnson said:

"To the men on the Berlin airlift:

"The unified effort of members of all the armed services all over the world—the Army, the Navy, the Air Force and the Marine Corps—has resulted in one of the greatest transportation feats in the history of the world—the Berlin airlift.

"For more than ten months of grueling operations United States planes flew more than 50 million miles along the air corridors into Berlin to feed, clothe and sustain a city of more than two million people.

"Undaunted by time and weather, working hour after hour, day and night, you have demonstrated to the world unified American national defense in action. Your achievement takes its place beside the great American victories of all time.

"America is proud of you—everyone of you.

"In congratulating our own men, we are not overlooking the contributions made toward the success of the Berlin airlift by any other occupying powers. It was an excellent demonstration of international teamwork."

**LETTER OF APPRECIATION**

D. R. Davies, vice president and cashier of the First National bank of Sharpsville, has written Mayor John F. Haven, stating he was much impressed with the courtesy and efficient service rendered by policemen at the annual Gymnastics Ganu held recently at the Congregational church. He commended the mayor and police chief for their thoughtfulness in arranging for the direction of traffic.

**Voice Of America  
Presents U.S. View  
Of Berlin Report**

Went All Out In Effort To Present  
To World American View  
On Announcement

NEW YORK, May 6.—(INS)—The "Voice of America" went all out in its efforts to present to the world, and especially to Russia, the American view of the big four announcement on Berlin.

An official of the state department's broadcasting service said the "voice" concentrated on giving the broadcasts to Russia plenty of background material to the announced agreement on lifting of the blockade.

He said nothing has been published or broadcast in Russia on the agreement except the official communiqué itself stating that agreement has been reached and setting the dates for the end of the blockade and the subsequent meeting of foreign ministers.

He said Russian language "voice" broadcasts made during the day included one telling of the airlift, its necessity and success; the whole background leading up to the agreement, the Malik-Jessup talks, etc., and an explanation of America's position in the dispute.

Another broadcast, he said, explained the economic consequences of the blockade on the Soviet zone of Germany, pointing out this might have been a factor in Russian agreement.

This official said there is no indication that the Soviets have relaxed the jamming which last week washed out virtually all Russian language broadcasts by "Voice of America".

**Pennsylvania Improved Benevolent  
Protective Order Of Elks  
To Have Sessions**

New Castle will be the headquarters of the Pennsylvania lodges of the Improved Benevolent Protective Order of Elks of the World, May 21-22-23-24.

The annual state convention of the order will take place here on the days mentioned and the members of the local lodge are making the arrangements for the convention.

**W. Wendell Hallman, Chairman**  
W. Wendell Hallman, exalted ruler of the local lodge and state association chairman, is the general chairman of the convention arrangements with Frank Bailey as vice chairman and treasurer. Cora Basham, ruler of the Daughters of the women's branch of the lodge, is also a co-chairman.

Vivian Mays is the secretary of the committee and Ernest Huddle chairman of the publicity committee.

The convention gets under way on May 21 with a business session at 9 a. m. At 5 o'clock there will be a parade. At 6:30 there will be a junior supervisors and directors benefit banquet in King Humbert hall and from 9 to midnight the annual Junior Elks dance will be in King Humbert hall. The Daughters will meet at 9 a. m. for their sessions.

**Memorial Services**

At 11 a. m. Sunday, May 22, the annual memorial services will be held in the Second Baptist church and at 3 p. m. the civil liberties program will be held in the same church. Mayor John F. Haven will make the address of welcome and William P. Webb, state director of civil liberties will be the guest speaker.

Monday night, May 23, the annual state ball will be held in the Cathedral and on Tuesday the final sessions of the convention will be held. Open house will be observed in the Elks Home on Home street, during the convention.

Presiding over the convention will be Thomas Montgomery, state president, with Catherine A. M. Smith, state president of the Daughters, presiding at the women's meetings.

Guests of the convention will include Grand Exalted Ruler Dr. J. Finley Wilson, Grand Daughter Ruler Elizabeth Ross Gordon, and other national officers.

**Fatal Industrial  
Accidents Increase**

HARRISBURG, May 6.—(INS)—Fatal and non-fatal accidents in Pennsylvania industries showed marked increases during March.

The monthly report of the department of Labor and Industry today showed that fatalities in industry increased nearly six per cent during the month when 90 workers were injured fatally. Simultaneously, injuries totaled 8,489, an increase of 11 per cent.

Increases in non-fatal mishaps were recorded both in the manufacturing and non-manufacturing industries, while only the manufacturing group showed an increase in fatalities, according to the department.

Overloading, crowding and poor arrangement continued to rank as the number one cause of accidents, the department said.

**Philipsburg Man

## Honor Graduates Are Announced

New Wilmington High Senior Top Ranking Students Are Named

(Special to The News)  
NEW WILMINGTON, May 6.—Delbert Detwiler is valedictorian of this year's graduating class at the high school according to announcement by Walt Whitman, supervising principal. Joan Thomas was the salutatorian.

Other honor students are: Marilyn Mathison, Margaret Cyphert, Thomas Byler, Joan Borowicz, Lucille Chesner, Wallace Downs and Mary Edith Kerr.

Election of officers will take place at Monday night's meeting of the Parent-Teacher Association at the United Presbyterian church. "A Look into the future of New Wilmington schools" will be the topic for the discussion period. Plans for the school picnic will also be discussed.

Mrs. G. Ross Ellis is chairman of the social hour and she will be assisted by Mrs. Walt Whitman, Mrs. Harold Burry and Mrs. Everett Handy.

Movies of the 1948 World Series will be shown Friday evening at the Community House. The program is sponsored by the American Legion post. The public is invited and no admission will be charged.

Mr. and Mrs. James Minner and granddaughter, Barbara Gay Minner, have returned home after spending the winter in Florida.

Friends have received word that Dr. A. T. Cordray, former head of the speech department at Westminster College has been made counselor for foreign students at Michigan State, Lansing, Mich. The school has approximately 1800 foreign students.

## West View Youth To Give Operetta Here

"The Buccaneers," an operetta given by West View Walther Leaguers, is being sponsored by Christ Lutheran Leaguers at Christ church, East Washington and Beckford, during the week of May 15, the final date to be announced.

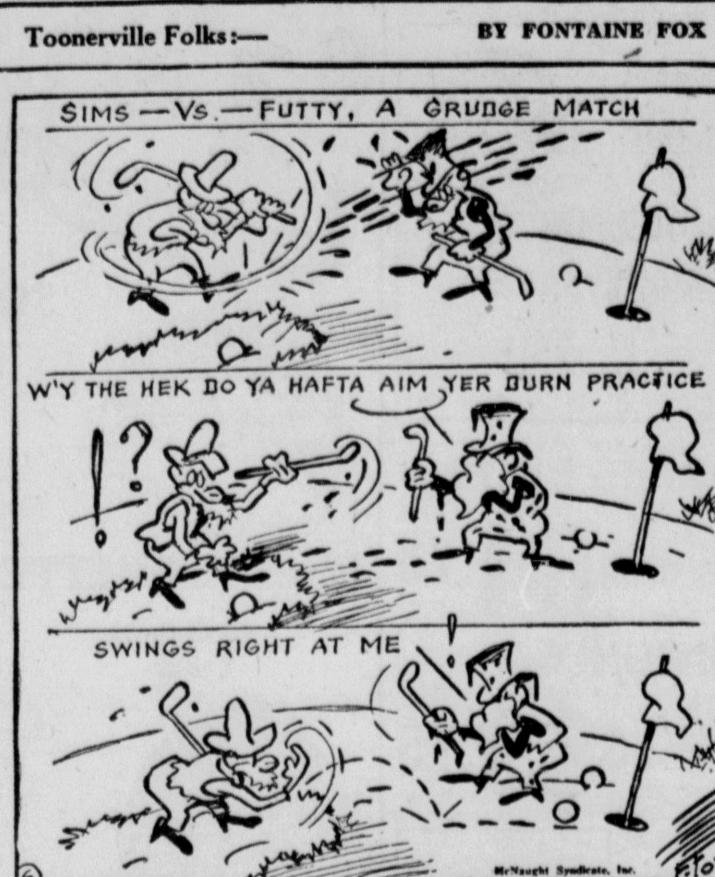

The Westview players are members of Mt. Calvary Lutheran congregation, West View, of which Rev. M. Lobeck, former pastor of the local church, is now minister.

**Congregation Will  
Hear Report Sunday**

Central Presbyterian Members To  
Listen To National Representative's Findings

Report of the recent study and investigation on church location, conducted by a national representative of the Presbyterian Church of U.S.A., will be read Sunday morning before the congregation of the Central Presbyterian church at the Cathedral on Lincoln avenue.

The report, prepared after considerable research by Rev. Everett L. Perry of the Presbyterian Board of National Missions, will be read in full by members of the session and site committee for the church.

The local committee on church location which was chosen on April 19 has been very busy and expects to present its report within a short time before a congregational meeting. The committee has investigated every angle of the situation and believes that its findings will be acceptable with the church.

Since the church building on the Public Square was destroyed by fire on the night of March 20, the congregation has been having its Sunday morning services and Sunday school in the Cathedral building, while the evening services have been conducted in the Y.W.C.A. building downtown.

We do not as a rule use comparative prices—and we would prefer not to follow this all too general practice. But we sincerely believe that if anyone is entitled to claim superior values, it is the Richman Brothers Company.

After all, there is substantial basis for our claim. We make our own clothes, sell them in our own stores, and avoid much of the usual duplication of expense and profit. We buy and sell in volume, on a cash and carry basis, and practice every economy in production and selling.

The result is supreme values—and our clothes prove it. Stop in, try them on. See for yourself that now, as for 70 years, Richman Brothers Have the Values!

## Farm Lands Given Attention By Babson

BY ROGER W. BABSON  
Copyright—1949—Publishers Financial Bureau, Incorporated

EUREKA, Kan., May 6.—During the past week I have been monitoring through the six states of America's "Magic Circle"—the richest in time of peace and safest in time of war. This "Magic Circle" is made up of Iowa, Missouri, Arkansas, Nebraska, Kansas and Oklahoma. If the people of these states arise to their responsibilities, they will someday have an opportunity of organizing and controlling the United States.

### Importance of Good Land

Every time I travel throughout this wonderful country I am more convinced that good land, properly located, is the safest of all investments—better than even government bonds. As I have said in this column before, everything that feeds us, or clothes us, or shelters us, comes from the soil. This is not a recommendation to speculate in land, especially at present high prices. This, moreover, is a time to get out of debt rather than to buy anything on a mortgage. But next to cash in the bank, give me good income producing well-located land, preferably "bottom land" located on a stream.

Once was the time when titles had to be examined with great care; but now with the Torrens System you can be sure that your land is properly registered. This system is now available in 16 states. All of the other states should adopt it. Those interested in further information regarding the Torrens System of checking and insuring land titles should write to my friend, W. C. Perry, 876 Elm street, New Haven, Conn. I like good land everywhere, but especially in the six states mentioned above which make up my "Magic Circle". For further particulars regarding this "Magic Circle", write to W. A. Bowers, president of Utopia College, Eureka, Kan., or to the First National Bank of Oklahoma City, Okla.

### Outlook For Farm Areas

All I meet in the central west ask about business conditions in the east. Although farm prices have declined considerably since I was here a year ago, yet the people here are optimistic and cannot understand unemployment or business failures such as the east is

experiencing. In behalf of my eastern friends let me say that the farmers of the central west have no idea of what eastern manufacturers are suffering from ill-guided labor unions. Truly when, as, and if, another depression comes, it will be due to the overreaching of labor leaders.

I find very little land speculation out here. Farmers are rapidly getting out of debt and improving their properties. Most farmers have government bonds and a good bank account. Hence, although the price of farm products will gradually decline, yet there will be no collapse as there was in the early thirties. Although I don't believe in the latest attempt of the secretary of agriculture to please everybody, yet I do believe that some form of parity farm support should be continued.

### Maintaining Full Employment

I am one of those who agree with George H. LeBoeuf of Dayton, O., that a manufacturer who refuses to shut down his plant should be insured against loss as well as the farmer who continues to raise crops. Mr. LeBoeuf's program would do nothing for the manufacturer who throws his labor out of employment and then takes a trip himself to Florida. The manufacturer, however, who will keep his plant operating and his people employed deserves industrial insurance just as much as bank depositors or farmers.

Such an insurance program would not be too expensive for our federal government because if all manufacturers kept their plants operating, there would be purchasing power sufficient to buy most of the goods produced. Hence, there would be very few insurance payments. Business depressions cannot be altogether eliminated anymore than can sickness. But they can be greatly diminished in severity. As the health departments of our cities are constantly reducing sickness and the insurance companies are taking care of the unfortunate, so unemployment can likewise gradually be reduced.

Cleveland Police  
Seek Five Bandits

CLEVELAND, May 6.—(INS)—Cleveland police were without a single lead today in the search for five men who held up the Lincoln Heights Savings and Loan company and escaped with \$25,000.

The five men yesterday stopped the car of William G. Ziembra, 70, vice president of the Heights bank, and robbed him of the money. He was on his way to another bank, a Cleveland Trust company branch, to deposit the cash.

Deputy Police Inspector James E. MacCarron said that it was very evident that the five robbers were completely familiar with the habits of Ziembra and Anto Bizga, 63, a teller, who was riding with Ziembra.

#### Senate Gives House School Aid Bill

Bill Authorizes 300 Million Dollars In Federal Aid Annually To States

By FRANK B. ALLEN  
(I. N. S. Staff Correspondent)

WASHINGTON, May 6.—A backlog of 100 witnesses cut off hopes today of ending Senate hearings next week on the North Atlantic Pact.

Sen. Connally (D) Tex., chairman of the Senate Foreign Relations Committee, said he is satisfied, however, with the progress which brought most "major" witnesses before the group in the first 10 days.

All of today's witnesses were listed by the committee staff as favoring ratification of the pact between the United States and 11 other nations of the North Atlantic area as a bulwark against possible Communist aggression.

Leading off today's testimony was Charles P. Taft, brother of Senate GOP policy chairman, Robert A. Taft (R) Ohio. Called to follow Taft was former Supreme Court Justice Owen J. Roberts and Farm Bureau Federation President Allen Kline.

Roberts is president of the Atlantic Union Committee, previously on record in support of the treaty.

Later in the day 82-year-old James W. Gerard, ambassador to Germany just prior to World War I, was scheduled, along with Fred-

erick McKee of the committee on national affairs.

The committee turned back to pro-pact witnesses after hearing former Vice President Henry Wallace assert that the western combination of powers might make Russia "wild, desperate, cornered beast."

Music lovers of New Castle and surrounding districts will be interested to know that the Young People's class of King's Chapel church is sponsoring an organ recital.

Stanley McArdle of Foxburg will offer the recital Monday evening, May 23, in King's Chapel church.

Those who attended the yearly homecoming observance last August will remember Mr. McArdle's stirring music and want to hear him again. This will be a fine opportunity for those who did not hear him to have a new and enjoyable musical experience.

Mr. McArdle is giving his services to help the young people's building project. A free will offering will be taken for that fund.

**Not Solve Problem**

Public housing will not solve the problem as quickly as private enterprise," he said. "Only some 200,000 dwellings a year could be built under the federal bill.

"Socialized public housing will not build one more housing unit than is being put up now. American builders in a private enterprise system are using full available manpower and materials now."

He said the federal program "easily could become a 40-year-long political weapon costing taxpayers \$19,000,000,000."

**Governor Duff Reminds Citizens Of Mother's Day**

HARRISBURG, May 6.—(INS)—Pennsylvania today were reminded by Gov. James H. Duff that "Mother's Day" will hold special significance for the commonwealth this year.

"This year's observance means more than ever to residents of the commonwealth," Duff stated. "It will be the first Mother's Day since the death of its founder, Miss Anna M. Jarvis, a gracious and kindly Pennsylvania woman who died last November 28 in Philadelphia."

"The idea which prompted Miss Jarvis to originate Mother's Day during her life should not be erased from the minds of the American people after her death but should grow ever stronger as a fitting tribute to a great American and Pennsylvania woman."

**Sharp Reduction In V.A. Forces In Some Of States**

WASHINGTON, May 6.—(INS)—The Veterans Administration announced today that it will discharge 8,000 employees and close 42 branch offices in 23 states, effective June 9.

Dismissal notices will go out Monday to the employees affected by the sharp reduction.

Officials explained that the cuts are necessary to bring the VA personnel limit within the provisions of the budget to be submitted to Congress for the next fiscal year.

Medical and hospital service is not affected by the reduction.

The economy move necessitates the closing of the VA offices in mostly southwestern states.

## INFANT THREADS HIS SCALP

**PERFECT CALM** is exhibited by 9-month-old Patrick Durbin at Denver, Colo., despite the big scare he gave his mother. Mrs. Violet Durbin, 24, noticed a white thread hanging from the back of Patrick's head. Investigation disclosed that a needle, with thread attached, had become imbedded eye first down to the base of his skull. Doctors who removed it said the brain had not been touched. (International)

## SHANGHAI VIRTUALLY ISOLATED

**NATIONALIST HEADQUARTERS** reports the Communists' Shanghai drive halted in the Kunshan area, and a new 500-mile defense line (broken line) to protect south China being set up along the Chientang river. Hangchow is abandoned, and Shanghai's rail communications with south China and the government at Canton through Nanchang are cut off. Communist headquarters reports 12 armies (about 240,000 men) "wiped out" south of the Yangtze river.

**AROUND THE TURN**—Blue Lancer, 3-year-old colt owned by Daniel Hess, hugs rail as he takes the lead at turn at Jamaica race track.

## HAND-PUMPS 10 HOURS, SAVES HER

**HER LIFE SAVED**, Mrs. Shirley Palmer, 27, polio victim, smiles up at her husband James, 31, whose ingenuity at hand-pumping her iron lung when the motor failed kept her breathing for 10 hours between Laramie, Wyo., and Omaha, Neb., where a new unit was obtained from the Omaha Fire department. Palmer used a beer can opener for a handle when the hand-pump handle bent. He pumped steadily for 10 hours, 17 pressure changes a minute, while a nurse counted "one-two-three-four" to steady the rhythm. The Palmers are shown at Chicago en route from Los Angeles to Biggs Memorial hospital, Ithaca, N. Y. (International Soundphoto)

## LANDLORDS RUSH FOR RENT BLANKS

**AS THE NEW RENT LAW REGULATIONS** became effective across the nation, interest centered in New York where some of the 6,000 landlords who sought rent-rise application blanks are shown lined up. At least 15,000 additional forms were rushed from Washington. Both tenants and landlords attacked the "fair net" rent proposal. (International)

## BABICH GUN SUCKED OUT OF RIVER

**A MONTH-LONG SEARCH** for the gun with which Milton Babich said he killed Patricia Birmingham ends at Milwaukee, Wis., as crane operator Arthur Mikkelson holds the mud-encrusted weapon, sucked from river muck by electromagnet (right). Later a sporting goods salesman identified it as gun he sold Babich. (International)

Comdr. Thomas Davies, Truculent Turtle chief. Lt. Comdr. A. C. Read NC-4 flight commander

Truculent Turtle, holder of world distance record, 11,236 miles

The 19-day route of the NC-4 to Lisbon, which the Truculent Turtle is expected to fly in 15 hours.

**HISTORIC MILESTONE** in aviation is being marked by Navy May 8, with the Truculent Turtle, holder of the world's nonstop distance flight record—Perth, Australia, to Columbus, O.—retracing the first transatlantic flight, made by another Navy plane, the NC-4 ("C" for Curtiss, "4" for plane number) which started May 8, 1919, and reached Lisbon, Portugal, 19 days later. The Turtle is expected to make the flight in 15 hours. The NC-4 went on to England, was received by enthusiastic crowds. Lt. Comdr. Read, NC-4 pilot, is now retired, living in Washington. Comdr. Davies, Turtle pilot, is from Cleveland. Davies' takeoff point is Floyd Bennett field, Long Island, where the NC-4 started, and his route is the same except that no stops are scheduled until Lisbon. Christ Methodists  
Plan Anniversary

Bishop Lloyd C. Wicke Will Aid  
In Celebration Which Will  
Start On May 29

Christ Methodist church will celebrate its forty-fifth birthday starting May 29 and continuing through June 5. The pastor of the church at the same time will celebrate his eleventh anniversary as spiritual leader of the South Side congregation. Rev. F. P. Sulmonetti was appointed to the charge in June 1938.

Formerly known as Italian Methodist church, many nationalities worship there. The week long celebration will reach its zenith on Thursday evening, June 2, when Bishop Lloyd C. Wicke, resident bishop of the Pittsburgh district, will be present with his family and will bring the principal address. Dr. Thomas H. Morris, district superintendent and his wife will also be present. The ladies of the W.S.C.S. will present a complimentary banquet preceding the program of the evening.

A number of men, who were among the first converts of the former mission will be on hand for the event including: Rev. P. D'Elia of Altoona and Rev. Emil Traffey of Petosky, Mich. Rev. Sulmonetti's sister from Elizabeth, N. J., missionary to the Italian people there, will also be present.

Committee in charge of the celebration includes: Dr. and Mrs. E. S. Cooper, Miss Emma Pearl, Mr. and Mrs. Guy Gadzia, Mrs. Elvira DeFalco, Mr. and Mrs. Anthony Caravaggio, Mrs. M. Paulumbi, Miss Mary Metta, Mrs. Fred Salvelli, Mrs. Alfred D'Augustine, Mrs. Roy Hines, Mrs. Louis DeCristofaro, and Mr. and Mrs. John Pacelli.

Trustees of the church include: Samuel Mooney, Robert L. Meermans, W. H. Weinschenk, Jesse N. Kerr, Dr. E. S. Cooper, Miss Emma Pearl, Anthony Caravaggio, Mrs. Attico Gasperoni, Mrs. H. H. Marin and Hollis Burke.

Economist Cites  
Cost Of Living

WASHINGTON, May 6.—(INS)—Dr. Edwin G. Nourse, chief economic advisor to President Truman, declared Thursday that "we anticipate further easing in the cost of living."

Nourse, chairman of the council of economic advisors, submitted a "cautiously" optimistic report to the president on the American economy.

Despite his assertion that he expects an easing in the cost of living,

Switzerland has seven universities and the oldest, Basle, was founded in 1460.

Urged Enactment of Bill Which Would Reestablish An Open Gold Market In U.S.

WASHINGTON, May 6.—(INS)—Sen. McCarran (D) Nev., Thursday urged enactment of a bill which would reestablish an open gold market in the United States.

McCarran, testifying before the senate banking and currency committee, advocated repeal of statutes that now prohibit the private purchase and possession of gold. The bill under consideration also would continue the requirement that the U. S. treasury buy all gold offered it at \$35 an ounce.

The senator declared that the measure would open up a free market for gold trading and extend to buyers and sellers "the same facilities now enjoyed by bond traders and cattle dealers". McCarran said:

"For the first time in 15 years it will provide an open forum in which the value of gold may be determined in the light of all those forces which operate in any free market".

The Nevada senator declared that despite the fact the government now possesses more gold than ever amassed in history, no gold policy has ever been formulated. He said that establishment of the gold market would enable the formulation of an "enlightened gold policy" by determining its currency value.

McCarran also contended that the reestablishment of the market will aid in stabilizing currencies in other countries.

## "Assignment; America

By INEZ ROBB

(Reg. U. S. Pat. Off.)  
(Distributed By International News Service)

NEW YORK, May 5.—Robert Emmet Sherwood, 53, stands head and shoulders above all other Pulitzer prize winners not only because he is the sole individual to hit this jackpot four times but also because he stands six feet seven inches.

A big man from any angle, Sherwood sat in the office of the Playwrights' Producing Company on Fifth avenue and told how he sweated out his fourth and latest Pulitzer award for "Roosevelt And Hopkins," judged the most distinguished American biography of 1948.

He declared that winning the Pulitzer prize is not like getting olives out of a bottle; after the first one, the rest come easy.

### No Problem To Him

What to do with the plaques and the \$500 checks that come with Pulitzer prizes is no problem to Sherwood. The government gets the money and he chuckles the plaques in bureau drawers.

He has never hung up so much as one plaque yet, and he has a grim determination not to do so, Sherwood said as he lounged in his shirt sleeves, a pair of red galluses, a red and blue necktie and a pair of blue flannel trousers.

The plaque for "Roosevelt And Hopkins" will join the previous ones, all for Sherwood plays, "Idiot's Delight," "Abe Lincoln in Illinois" and "There Shall Be No Night," in the bureau.

As I vision it, the Sherwood apartment on fashionable Sutton Place is so cluttered with awards that a body can scarcely find drawer or closet space for a hat, coat or extra shirt. The Oscar awarded Sherwood a few years ago

for his work on the film "The Best Years of Our Lives," is so unalterably repulsive to Mrs. Sherwood that it not only resides on a closet shelf, but has never been removed from the cover in which it arrived.

The plaque awarded "Roosevelt And Hopkins" by the Saturday Review of Literature as the best American book of 1948 and the coveted Guttenberg award which it won only last month take up further drawer space.

**Not Likely To Be Mr. America**  
It is a good thing Sherwood wins intellectual prizes for he is never apt to be elected Mr. America. He has the long, thin face of a kind and intelligent horse. His brown eyes are deep-set under John L. Lewis eyebrows. His brown hair is little touched with gray although his close-cropped mustache is snow white.

This man with a way with words has jug ears. Sherwood said a little sadly that recently, when a sculptor sculpted his head, he asked the artist "for God's sake to tuck in the left ear a little."

After an hour and a half, he had to leave the radio to go to work on the musical comedy he is producing with Irving Berlin and Moss Hart. And, in the long run, it was a newspaper reporter who broke the big news to him at 4:45 p.m.

He had a drink to celebrate and then went back to "Miss Liberty," the musical comedy.

For friendship's sake, the artist did, but Sherwood feels that revised head won't fool anyone. This versatile man is now busy with "Miss Liberty" the first musical comedy he has written since he was at Harvard and wrote a hasty pudding show called "Barnum Was Right." It—Miss Liberty—opens on Broadway on July 4.

Sherwood said he had thought to complete his latest Pulitzer prize winner in six months, but that "Roosevelt And Hopkins" took 30 months of concentrated effort, four trips to England in search of material and innumerable trips to Washington.

I asked Sherwood if he would hang up the Pulitzer plaques if he ever won a fifth and got a full house.

"Gosh, No!" he replied. "I'm content. You really can't beat four of a kind."

## Two Baby Elephants Fly Pacific Ocean

Modern Airliner Carries Them From Batavia To Zoos And Circuses In U.S.

NEW YORK, May 6.—(INS)—Two baby elephants are flying the Pacific ocean today—with a little help from a modern airliner carrying them from Batavia to zoos and circuses in the U.S.

Co-passengers of the elephants are 700 Java monkeys, a pair of black leopards, two golden cats, two spotted leopards, two orang-

utans, six pythons, a king cobra and several monitor lizards.

A spokesman for KLM Royal Dutch Airlines said its "flying zoo" is scheduled to reach Los Angeles tonight and then fly on to New York.

One of the elephants will join the Pollock Brothers circus. The other will be given to the Springfield, Ill., zoo through collections made by children of the city.

The leopards are destined for Brookfield zoo in Chicago.

Indianapolis Undertaker Has To  
Prove He Is Blood Relative  
To Claim Estate

LONDON, May 6.—(INS)—A Scottish heiress declared today that an Indianapolis undertaker may get her father's 300-year-old Baronetcy, but he has no claim on his estate.

Elizabeth Stirling told International News Service that Robert Wilson Stirling, 58-year-old Indianapolis mortician and embalmer is welcome to the title of her late father, Sir George Murray Home Stirling, 9th baronet—"If he can prove his claim". She added:

"I've nothing to concern as far as the title is concerned. It's open to anybody to make a claim which will have to be proved conclusively before it is upheld."

"Father always displayed great interest in his kinsmen whether in the United States or elsewhere, and if it is proved that Robert Stirling is a blood relation, then I'll naturally carry on father's tradition and welcome him as a member of the family."

Sir George, who died Sunday, lost his only son in the war. The Indianapolis Stirling, said to be the descendant of the fifth baronet, is reportedly next in line to the title. But Elizabeth warned:

"Father's estate is not entailed. It goes automatically to the next in direct line, male or female."

"And I must point out that I do know there are other possible claimants. It mustn't erroneously be presumed that the baronetcy will go to Indianapolis."

Urges Pact Passage**

Urge Pact Be Ratified Because  
There Is No Security Except  
Collective Security

WASHINGTON, May 6.—(INS)—Former Supreme Court Justice Owen J. Roberts declared today that the Atlantic pact should be ratified promptly because "there is no security except in collective security."

At the same time, Charles P. Taft, brother of Sen. Robert Taft (R) Ohio, said he favored the pact but protested against permitting military missions to control the flow of armed aid to treaty nations.

Roberts and Taft testified before the Senate Foreign Relations Committee.

The ex-justice, appearing as president of the Atlantic Union Committee, said that communists throughout the world know that

the Atlantic alliance will stem Soviet aggression. He declared:

"Those who loudly complain that the Atlantic pact will lead to war have not learned that there is no security except collective security, and collective security requires collective action."

Taft called for administration of the pact defense program by civilians rather than by soldiers. He said his own experience with military missions as a State Department economic director "was not one to inspire confidence."

The Ohioan, a former president of the Federal Council of Churches urged the "containment" of Russia "by diplomacy, not war".

## Pittsburgh Pirates Seeking Bobby Thompson From Giants

By JOHN GOLIGHTLY  
International News Service Sports Writer

PITTSBURGH, May 6.—Roy Hamey, the Pirate general manager, was in New York during the current Pittsburgh road trip, and naturally that old Giants-Pirates trade rumors were revived.

It's becoming more and more obvious that Pittsburgh could use some help in key spots, although Manager Bill Meyer still expresses confidence in the current personnel.

This time a report has leaked out that Vic Lombardi, an infielder and cash set before the Giants, with long ball hitter Bob Thompson the hoped-for Pirate prize.

### Need Centerfielder

A similar deadline decision is occupying Brooklyn President Branch Rickey and Manager Burt Shotton. Their pruning job, though, is far more pleasant.

The two old cronies have only to decide which lucky farm club will be allotted some of the Dodger surplus. Then, if some time during the season the farm player looks ready and the Dodgers need a lift, up he comes.

### CHECK STORAGE SUPPLIES FOR HOME FREEZING

The wise homemaker will look over her supply of cartons and packaging materials now to be ready to freeze garden fruits and vegetables when these products are at their prime. If last year's cartons were rinsed with lukewarm water and stored in a clean place, use them again. Check and discard any which have breaks or cracks—air is the enemy of frozen food and will cause rapid deterioration.

If the wax coating has been scratched on cartons, rewrap them by painting with a small brush dipped in melted paraffin. For fruits with syrup, use rigid waxed or plastic cartons or glass or tin containers. For vegetables, use

cellophane or plastic bags protected by an outer carton.

Square cartons make better use of space than round ones. Try the new type tin and plastic containers now available—they are more expensive but can be used over and over again. There are special boxes to hold a cut up chicken. Put two sheets of cellophane or other locker paper between each layer of chicken to separate pieces easily.

Cellophane can be used to wrap bread, cake, or other cooked foods. Crumble a small piece and put it in the top of a container of peaches, apples, or pears to hold the fruit under the syrup and prevent darkening on top. Wrap small amounts of chopped green peppers or mushrooms for seasoning in squares of cellophane, twisting the edges together to seal.

Place brittle cellophane in the freezer or refrigerator for a day or two and it will become soft and useful again. Home freezers need defrosting once or twice a year. If food supplies are low, now is a good time to defrost.

## Fourteen Horses May Face Derby Barrier

By CHARLES EINSTEIN  
(I. N. S. Sports Writer)

LOUISVILLE, Ky., May 6.—Thirteen proud owners joined at rickety Churchill Downs early this morning to enter their 14 hopefuls for tomorrow's diamond jubilee running of the Kentucky Derby.

Twelve of them were men with victory in their eyes and the thirteenth a slight, lonesome-looking lady whose beloved horse was started only twice in his life and never came close.

One of the men, Fred Hooper, had a world-beater in the bag, solemn-eyed Olympia, which will go up on the opening line at 6 to 5.

Trainer John Gaver of Green-tree stable had the fast and classy tandem of Capot and Wine List, only entry in the group. Hirsch Jacobs, trainer and half-owner of Palestinian, was in Louisville for the first time in his life, and horsemen said he knew what he was doing.

### Hope For Fast Track

A fast track? Most of the trainers hoped so. Said the weather forecast: cloudy and possible scattered showers today and tonight; clear and mild tomorrow.

Johns Joy, for one, wouldn't go if it comes up mud, but Palestinian, Model Cadet and Duplicator would like nothing better.

As for Olympia—he remains the big fellow, still the horse to beat. He's up at the second shortest single-horse opening price in the last eight runnings of the classic. Mud may make a difference and mud may not.

You could say the same thing for Seneca's Coin.

WINE LIST, owned by the Green-tree Stable. Wine List started twice last year and won both races. He also copped his first start this year. (International)

Batteries: Union—Ahrens and Klenotic, List (5); Mt. Jackson—B. Emery, W. Emery and Stephenson.

#### WILL HAVE WORKOUT

The Perry S. Gaston Post baseball team will have a workout at the Deshon Annex field at 1:15 o'clock Saturday, it was announced by Ernie Logan, business manager. All boys under 18 wanting a tryout are to attend.

#### RONALD KOSIOR WINS FOR ERIE

Ronald Kosior, a Wampum boy just out of high school last June, pitched and won his second game for the Erie Sailors last night, defeating Butler 5 to 2, in the seven-inning first game of a twin bill. Kosior was used in a recent game at Johnstown and got credit for the win after doing a swell relief job. Erie won out in the 12th inning. Kosior had entered the game in the fifth inning.

His many Wampum admirers will be in the stands at Flaherty Memorial Field when the Erie Sailors meet the Nats here May 19 and 20. The 20th date is a twin bill.

Ryantown at Croton A. C. Ecclesiastes at Lawrence Indies. Universals at Franks.

West Pittsburg at Union Civics. St. Margaret's at Dewey A. C.

Thousands of fans and fanettes will cluster around five baseball fields to witness the opening of the City Baseball League in various sections of the city at 3 p. m. Sunday afternoon.

All arrangements for the opening of the season were completed at a meeting of the City leagues last night at Carm's, West Washington street, according to Walter Bannon, circuit secretary.

Managers presented players' contracts, the by-laws of the loop were approved, schedule adopted formally, and an agreement reached with the Umpires association.

It was announced that St. Margaret's would play all home games on the P. & L. E. field, in Lafayette street.

Universal Sanitary Pottery won the 1948 championship.

MILWAUKEE, Wis., May 6.—(INS)—The Ohio State Fair Coliseum at Columbus, O., was selected today as the site for the 1950 tournament of the American Bowling Congress.

Elmer Baumgartner, ABC secretary, in making the announcement, said the tournament will open April 15.

Partial details of the tournament were worked out today at Columbus by H. S. Foust, Ohio State Fair manager, Charles Treuter, Jr., Milwaukee, tournament director, and Michael J. Dunn, ABC general counsel.

Additional details of the tournament will be announced at a later date.

### Willie Turnesa Heads For England

NEW YORK, May 6.—(INS)—U. S. Champion Willie Turnesa headed Thursday for Britain and the scene of this year's British amateur golf championship in a second attempt to take over the title he won two years ago.

Accompanying Turnesa is the "lucky" putter, borrowed from his mother-in-law, with which he won the '47 British title at Carnoustie in an All-American final with Dick Chapman. He used the same club in gaining, for the second time, the U. S. amateur crown at Memphis last year.

The little New Yorker defended his British title a few months earlier but was turned back in the semi-finals, with Frank Stranahan, the famed Toledo blade, coming through to his first major success.

### Lindsay Defeats Dusty Wilkerson

PHILADELPHIA, May 6.—(INS)—Joe Lindsay, 18½, husky New York scrapper, gained a split decision over Dusty Wilkerson, 18½, of Philadelphia in an eight-roundner at the Met last night.

Smothered with hard left hooks and rights to the head in the early rounds, Wilkerson was in the fifth but had lost too many points to pull out the victory.

The state superior court ruled in 1947 that school districts could not use monies obtained from sporting and other events to finance outside activities. Judge John C. Arnold ruled that funds collected from admission and membership fees must be "handled exactly as tax monies" by school district.

### Marve Feltman Bangs Seven Straight Hits

Over 900 fans, including quite a number of ladies, saw two good baseball games at Flaherty Memorial Field last night, Uniontown won the abbreviated first game 7 to 6, and the New Castle Nats won the nightcap in 10 innings 4-3.

Marvin (Marve) Feltman, the Nats center fielder, put on a tremendous hitting exhibition last night, his tally sheet for the evening reading seven hits in seven times at bat, including five singles, a double and triple. Lou Cholewa the left-fielder got the Nats first home run at Flaherty field in the first game, a mighty 375 clout over the far left field wall, in the third inning scoring his manager Billy Mongiello ahead of him. Feltman is from New York City, Cholewa from Sayerville, N. J.

#### Churchill Wins Second

Herb Churchill, the Gloucester, Mass., right-hander won his second game of the year in the nightcap, beating George Botman of The Barons. Both hurlers allowed seven hits. Botman fanned six and walked eight. Churchill fanned three and walked but one, having winning control.

Dick Janacane, the New Castle boy, pitched a great seven-inning opener and lost it, but deserved a better fate, as his mates kicked five away back of him.

#### Bang Four Homers

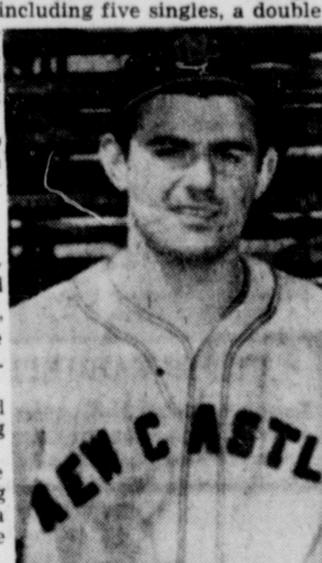

Uniontown had two good hurlers in the twin bill—George Judy winning the first one, although found for 11 hits, which the Nats failed to capitalize on.

Besides Cholewa, Stasko of The Barons, hit for the circuit in the second game, and Thornburg and Overland in the first game, hit for four fours.

#### Ziruolo Wins Game

Jim Ziruolo, Akron boy, won the second game for the Nats with a pinch single in the last of the ninth inning, his only hit of the game, but an important one. His hit to right field brought in Tony Traspusto with the winning tally, with one out. Traspusto with one out, singled, Feltman singled and Traspusto stopped at second, only to score a minute later as Ziruolo belted one. This Ziruolo boy plays a lot of first base and didn't have an error.

Fans last night saw several sparkling plays on both sides, Del La Torre again handled second

#### GAMES TONIGHT

Uniontown at New Castle, 8 p.m. Erie at Butler. Oil City at Youngstown. Vandegrift at Johnstown.

#### City Softball Games Tonight

The following games will be played tonight in the city softball league, all games starting at 6 o'clock:

Shadyside vs. Blackhawks at Gaston park.

Shamrocks vs. Pearson at Dean park.

DeCarbo's vs. Moose at Cascade field.

National Guard vs. United at Rose avenue.

#### Special Meeting For Umpires

There will be a special meeting for the Lawrence County Umpires Association tonight at the Y at 8 o'clock. President Albert Conti announced.

Twenty-two members have been measured for new uniforms, and 15 have not. Conti stated. It is hoped the entire membership can order uniforms at the same time.

Manager Billy Meyer had a great year in 1948, his first as a major league pilot. He pulled the Pirates from a last-place tie to the first division.

Third base isn't the only problem confronting the Pirates. Their pitching staff looks good, but hasn't thoroughly proved itself.

### HERE AND THERE IN SPORTS' LAND

#### THOUGHTS will be centered upon Churchill Downs where the Kentucky Derby will be run Saturday. Earl McCormick, Jack Wylie, Andy Pihales and Joe Brown will fly from the New Castle airport at 8:30 a. m. Saturday to see the classic . . . Harold Sewall hooked but couldn't land the 4½-pound trout caught by Mike Orlando, he reports.

The 23-inch was caught in the Slippery Rock . . . The Veteran Boxer, Philadelphia magazine, is out. It contains two yarns by Here & There, namely, "The Jimmie Dime stable" and "Pennsylvania's Last Barn Fight". . . Bob Kurth and Frank Cozza, compete in an 18-hole golf fight . . . at Sylvan Heights. Kurth is known as C1 and Cozza as C2. Kurth throws the gold ball, while Cozza uses clubs, which is something unique hereabouts . . . Auto racing, with Jack White as promoter, starts at Indianapolis 500-mile race will be present . . . Ladies auxiliary will serve luncheon to Shenango Beagles after the two o'clock Sunday meeting at their near Volant club-house . . . There's Cannavino in football, too. He is a halfback and will be a mate of Fullback Tony Adamle for the Cleveland Browns next season. Cannavino is a rookie. Both Adamle and he played together for Cleveland Collingwood high school . . . Unintentionally the name of Andy Tommello was left out of the Rouzzo shoppe bowling account recently . . . Willard J. Huling of Petersburg, isn't likely to forget the 23 undersized trout he caught near Huntingdon. He was fined \$230 and costs, by Fish Warden Harold Corbin for the violation . . . B. P. O. E. members and their wives, in attendance at the National Elks convention in Cleveland will be guests at Ascot park running races, July 13. The "National Elks" purse and "Hell Bill" prize will be features of the day . . . In the early days of the Dime stable, Jim Mann, now up in years, was a lightweight in the stable. He boxed at 133 pounds, but quit the game just when he was showing great promise.

Between his police Lieutenant and Recreation committee duties, Cecil Suber manages to get in a few hours troutling . . . Standard-bred horses, mares and colts at the Rick stock farm are a sight for sore eyes.

He's getting ready to ship out for the summer racing campaign . . . Pat Hennessey is as frisky as a colt, warm weather having made him that way . . . Sammy Haycock's busy time has arrived at Sylvan Heights. He expects to have a lot of tournaments and one of the biggest will be Pittsburgh against New Castle colored golfers . . . Bennie Rocco, brother of Emmett, the ex-heavyweight, was wrong on the Pozzo-Marshall outcome, as were a lot of others who not ever having heard of the Detroit boxer expected Pozzo to win, but failed to publicly say so. In fact, Here & There looked for Billy to win. According to reports Merle Richards, the Detroit manager, has a score of fighters and wants to send Jackie Thompson here to box Elmkins Brothers . . . Bat Terry's son, Eugene R. Peluso, will enter the Matrimonial ring, June 30 . . . Del Weis, the bluecoat, who is quite a pistol shot, received a nice boost from a Sharpsville banker for courtesy while directing traffic at a recent Welsh song festival here . . . Several homing pigeon races are carded for this city, according to reports. The birds usually fly 50 miles an hour, and as many as 80 with the wind. Years ago pigeon racing was quite popular here and efforts to revive the sport may be successful.
